

# Retail Money Market Funds

---

Fund	Premier Class
Allspring Money Market Fund	WMPXX
Allspring National Tax-Free Money Market Fund	WFNXX

**SUPPLEMENT TO THE PROSPECTUSES OF**

**ALLSPRING RETAIL MONEY MARKET FUNDS  
for the Allspring Money Market Fund and  
Allspring National Tax-Free Money Market Fund**

**ALLSPRING INSTITUTIONAL MONEY MARKET FUNDS  
for the Allspring Heritage Money Market Fund  
(collectively, the “Funds”)**

The following changes are effective April 2, 2024.

I. The following paragraph replaces the first paragraph under the sub-heading “Principal Investment Risks” in the “Fund Summary” section for the Allspring Money Market Fund and the Allspring National Tax-Free Money Market Fund:

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon sale of your shares. An investment in the Fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund’s sponsor is not required to reimburse the Fund for losses, and you should not expect that the sponsor will provide financial support to the Fund at any time, including during periods of market stress.

II. The following paragraph replaces the first paragraph under the sub-heading “Principal Investment Risks” in the “Fund Summary” section for the Allspring Heritage Money Market Fund:

You could lose money by investing in the Fund. Because the share price of the Fund will fluctuate, when you sell your shares they may be worth more or less than what you originally paid for them. The Fund may impose a fee upon sale of your shares. An investment in the Fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund’s sponsor is not required to reimburse the Fund for losses, and you should not expect that the sponsor will provide financial support to the Fund at any time, including during periods of market stress.

III. The following disclosure is added to end of the “Buying and Selling Fund Shares” section for all of the Funds:

**Discretionary Liquidity Fees.** Under Rule 2a-7, a money market Fund is permitted to impose a discretionary liquidity fee (not to exceed 2% of the value of the shares redeemed) on redemptions if the Fund’s Board (or its delegate) determines that doing so is in the best interests of the Fund. Such determination will be based on current market conditions and the Fund’s particular circumstances, and it is expected that such fee would be imposed, if at all, during periods of extraordinary market stress. The Fund would retain liquidity fees for the benefit of remaining shareholders. The Board (or its delegate) may, in its discretion, terminate a liquidity fee at any time if it determines that imposing such liquidity fee is no longer in the best interests of the Fund.

April 2, 2024

**SUPPLEMENT TO THE PROSPECTUSES**  
**OF**  
**ALLSPRING INSTITUTIONAL MONEY MARKET FUNDS**  
**For the Allspring Heritage Money Market Fund**  
**Allspring Municipal Cash Management Money Market Fund**

**ALLSPRING RETAIL MONEY MARKET FUNDS**  
**For the Allspring Money Market Fund**  
**Allspring National Tax-Free Money Market Fund**  
**(collectively, the “Funds”)**

On July 12, 2023, the Securities and Exchange Commission (“SEC”) adopted amendments to certain rules that govern money market funds under the Investment Company Act of 1940. Among other changes, the amendments revise Rule 2a-7, the primary rule governing the operation of money market funds, to:

1. remove the ability for a fund board to temporarily suspend redemptions if the fund’s liquidity falls below a threshold;
2. remove the tie between liquidity thresholds and the potential imposition of liquidity fees;
3. adopt a new mandatory liquidity fee framework for institutional prime and institutional tax-exempt money market funds when net redemptions exceed 5% of net assets; and
4. adopt a discretionary liquidity fee for all non-government money market funds, to be applied when the board (or its delegate) determines that the fee is in the best interests of the fund.

The effective date of (1) and (2) above is October 2, 2023. Accordingly, as of such date, the sub-section entitled “Liquidity Fees and Redemption Gates” contained within the section of the Funds’ Prospectuses entitled “Buying and Selling Fund Shares” is hereby removed.

In addition, as of this date, the sentence “The Fund may impose a fee upon the sale of your shares or may temporarily suspend your ability to sell shares if the Fund’s liquidity falls below required minimums because of market conditions or other factors” contained within the first paragraph under the heading “Principal Investment Risks” in each Fund’s “Fund Summary” section is hereby deleted.

The Allspring Institutional Money Market Funds must comply with (3) above by October 2, 2024 and the Funds must comply with (4) above by April 2, 2024. The Funds may voluntarily choose to begin to rely on the mandatory and discretionary liquidity fee provisions at any time between October 2, 2023 and the applicable compliance date (October 2, 2024 and April 2, 2024, respectively), and Fund shareholders will be notified in advance if the Funds choose to do so.

# Money Market Fund Summary

## Investment Objective

The Fund seeks current income, while preserving capital and liquidity.

## Fees and Expenses

These tables are intended to help you understand the various costs and expenses you will pay if you buy, hold and sell shares of the Fund.

### Shareholder Fees (fees paid directly from your investment)

Maximum sales charge (load) imposed on purchases (as a percentage of offering price)	None
Maximum deferred sales charge (load) (as a percentage of offering price)	None

### Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)<sup>1</sup>

Management Fees	0.20%
Distribution (12b-1) Fees	0.00%
Other Expenses	0.09%
<b>Total Annual Fund Operating Expenses</b>	<b>0.29%</b>
Fee Waivers	(0.09)%
<b>Total Annual Fund Operating Expenses After Fee Waivers<sup>2</sup></b>	<b>0.20%</b>

1. Expenses have been adjusted as necessary from amounts incurred during the Fund's most recent fiscal year to reflect current fees and expenses.
2. The Manager has contractually committed through May 31, 2024, to waive fees and/or reimburse expenses to the extent necessary to cap Total Annual Fund Operating Expenses After Fee Waivers at 0.20% for Premier Class. Brokerage commissions, stamp duty fees, interest, taxes, acquired fund fees and expenses (if any), and extraordinary expenses are excluded from the expense cap. Prior to or after the commitment expiration date, the cap may be increased or the commitment to maintain the cap may be terminated only with the approval of the Board of Trustees. The Manager and/or its affiliates may also voluntarily waive all or a portion of any fees to which they are entitled and/or reimburse certain expenses as they may determine from time to time.

## Example of Expenses

The example below is intended to help you compare the costs of investing in the Fund with the costs of investing in other funds. The example assumes a \$10,000 initial investment, 5% annual total return, and that fees and expenses remain the same as in the tables above. To the extent that the Manager is waiving fees or reimbursing expenses, the example assumes that such waiver or reimbursement will only be in place through the date noted above. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

<b>After:</b>	
1 Year	\$20
3 Years	\$84
5 Years	\$154
10 Years	\$359

## Principal Investment Strategies

Under normal circumstances, we invest:

- exclusively in high-quality, short-term, U.S. dollar-denominated money market instruments of domestic and foreign issuers.

These investments include, but are not limited to, bank obligations such as time deposits and certificates of deposit, government securities, asset-backed securities, commercial paper, corporate bonds, municipal securities and repurchase agreements. These investments may have fixed, floating, or variable rates of interest and may be obligations of U.S. or foreign issuers. We may invest more than 25% of the Fund's total assets in U.S. dollar-denominated obligations of U.S. banks.

Our security selection is based on several factors, including credit quality, yield and maturity, while taking into account the Fund's overall level of liquidity and weighted average maturity. We will only purchase securities that we have determined present minimal credit risk.

## Principal Investment Risks

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon the sale of your shares or may temporarily suspend your ability to sell shares if the Fund's liquidity falls below required minimums because of market conditions or other factors. An investment in the Fund is not a deposit of a bank or its affiliates and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that the sponsor will provide financial support to the Fund at any time. The Fund is primarily subject to the risks briefly summarized below.

**Market Risk.** The values of, and/or the income generated by, securities held by the Fund may decline due to general market conditions or other factors, including those directly involving the issuers of such securities. Securities markets are volatile and may decline significantly in response to adverse issuer, regulatory, political, or economic developments. Different sectors of the market and different security types may react differently to such developments.

**Money Market Fund Risk.** The Fund's yield will change based on changes in interest rates and other market conditions. Because the Fund invests in short-term instruments, the Fund's dividend yields are expected to be low when short-term market interest rates are low, and there is no guarantee that the Fund will not have a negative yield.

**Debt Securities Risk.** Debt securities are subject to credit risk and interest rate risk. Credit risk is the possibility that the issuer or guarantor of a debt security may be unable, or perceived to be unable or unwilling, to pay interest or repay principal when they become due. In these instances, the value of an investment could decline and the Fund could lose money. Credit risk increases as an issuer's credit quality or financial strength declines. Interest rate risk is the possibility that interest rates will change over time. When interest rates rise, the value of debt securities tends to fall. The longer the terms of the debt securities held by a Fund, the more the Fund is subject to this risk. If interest rates decline, interest that the Fund is able to earn on its investments in debt securities may also decline, which could cause the Fund to reduce the dividends it pays to shareholders, but the value of those securities may increase. Very low or negative interest rates may magnify interest rate risk.

**Industry Concentration Risk.** A Fund that concentrates its investments in an industry or group of industries is more vulnerable to adverse market, economic, regulatory, political or other developments affecting such industry or group of industries than a fund that invests its assets more broadly.

**Foreign Investment Risk.** Foreign investments may be subject to lower liquidity, greater price volatility and risks related to adverse political, regulatory, market or economic developments. Foreign investments may involve exposure to changes in foreign currency exchange rates and may be subject to higher withholding and other taxes.

**Management Risk.** Investment decisions, techniques, analyses or models implemented by a Fund's manager or sub-adviser in seeking to achieve the Fund's investment objective may not produce expected returns, may cause the Fund's shares to lose value or may cause the Fund to underperform other funds with similar investment objectives.

**Mortgage- and Asset-Backed Securities Risk.** Mortgage- and asset-backed securities may decline in value and become less liquid when defaults on the underlying mortgages or assets occur and may exhibit additional volatility in periods of rising interest rates. Rising interest rates tend to extend the duration of these securities, making them more sensitive to changes in interest rates than instruments with fixed payment schedules. When interest rates decline or are low, the prepayment of mortgages or assets underlying such securities can reduce a Fund's returns.

**Municipal Securities Risk.** Municipal securities may be fully or partially backed or enhanced by the taxing authority of a local government, by the current or anticipated revenues from a specific project or specific assets, or by the credit of, or liquidity enhancement provided by, a private issuer. Various types of municipal securities are often related in such a way that political, economic or business developments affecting one obligation could affect other municipal securities held by a Fund.

**Repurchase Agreement Risk.** In the event that the counterparty to a repurchase agreement is unwilling or unable to fulfill its contractual obligations to repurchase the underlying security, a Fund may lose money, suffer delays, or incur costs arising from holding or selling the underlying security.

**U.S. Government Obligations Risk.** U.S. Government obligations may be adversely impacted by changes in interest rates, and securities issued or guaranteed by U.S. Government agencies or government-sponsored entities may not be backed by the full faith and credit of the U.S. Government. U.S. Government obligations may be adversely affected by a default by, or decline in the credit quality, of the U.S. Government.

## Performance

The following information provides some indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year. Past performance is no guarantee of future results. Current month-end performance is available on the Fund's website at [allspringglobal.com](http://allspringglobal.com). To obtain a current 7-day yield for the Fund call toll-free 1-800-222-8222.

### Calendar Year Total Returns for Premier Class as of 12/31 each year<sup>1</sup>

### Average Annual Total Returns for the periods ended 12/31/2022<sup>1</sup>

	Inception Date of Share Class	1 Year	5 Year	10 Year
Premier Class	3/31/2016	1.75%	1.33%	0.80%

1. Historical performance shown for the Premier Class shares prior to their inception reflects the performance of the Class A shares, and includes the higher expenses applicable to the Class A shares. If these expenses had not been included, returns for the Premier Class shares would be higher.

<b>Minimum Additional Investment</b> Premier Class: None	

## Tax Information

Any distributions you receive from the Fund may be taxable as ordinary income or capital gains, except when your investment is in an IRA, 401(k) or other tax-advantaged investment plan. However, subsequent withdrawals from such a tax-advantaged investment plan may be subject to federal income tax. You should consult your tax adviser about your specific tax situation.

## Payments to Intermediaries

If you purchase a Fund through an intermediary, the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the intermediary and your financial professional to recommend the Fund over another investment. Consult your financial professional or visit your intermediary's website for more information.

<b>After:</b>	
1 Year	\$20
3 Years	\$78
5 Years	\$140
10 Years	\$325

## Principal Investment Strategies

Under normal circumstances, we invest:

- exclusively in high-quality, short-term, U.S. dollar-denominated money market instruments; and
- at least 80% of the Fund's net assets are invested in municipal obligations that pay interest exempt from federal income tax and federal alternative minimum tax ("AMT").

We actively manage a portfolio of high-quality, short-term municipal obligations that are issued by or on behalf of states, territories and possessions of the U.S. or their political subdivisions or financing authorities. These investments may have fixed, floating, or variable rates of interest.

We invest principally in municipal obligations that pay interest exempt from federal income tax and federal AMT. The Fund attempts to invest exclusively in these securities. However, the Fund may invest up to 20% of its net assets in high quality, short-term money market instruments that pay interest subject to federal income tax and/or federal AMT.

Our security selection is based on several factors, including credit quality, yield and maturity, while taking into account the Fund's overall level of liquidity and weighted average maturity. We will only purchase securities that we have determined present minimal credit risk.

## Principal Investment Risks

You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon the sale of your shares or may temporarily suspend your ability to sell shares if the Fund's liquidity falls below required minimums because of market conditions or other factors. An investment in the Fund is not a deposit of a bank or its affiliates and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that the sponsor will provide financial support to the Fund at any time. The Fund is primarily subject to the risks briefly summarized below.

**Market Risk.** The values of, and/or the income generated by, securities held by the Fund may decline due to general market conditions or other factors, including those directly involving the issuers of such securities. Securities markets are volatile and may decline significantly in response to adverse issuer, regulatory, political, or economic developments. Different sectors of the market and different security types may react differently to such developments.

**Money Market Fund Risk.** The Fund's yield will change based on changes in interest rates and other market conditions. Because the Fund invests in short-term instruments, the Fund's dividend yields are expected to be low when short-term market interest rates are low, and there is no guarantee that the Fund will not have a negative yield.

**Debt Securities Risk.** Debt securities are subject to credit risk and interest rate risk. Credit risk is the possibility that the issuer or guarantor of a debt security may be unable, or perceived to be unable or unwilling, to pay interest or repay principal when they become due. In these instances, the value of an investment could decline and the Fund could lose money. Credit risk increases as an issuer's credit quality or financial strength declines. Interest rate risk is the possibility that interest rates will change over time. When interest rates rise, the value of debt securities tends to fall. The longer the terms of the debt securities held by a Fund, the more the Fund is subject to this risk. If interest rates decline, interest that the Fund is able to earn on its investments in debt securities may also decline, which could cause the Fund to reduce the dividends it pays to shareholders, but the value of those securities may increase. Very low or negative interest rates may magnify interest rate risk.

**Municipal Securities Risk.** Municipal securities may be fully or partially backed or enhanced by the taxing authority of a local government, by the current or anticipated revenues from a specific project or specific assets, or by the credit of, or liquidity enhancement provided by, a private issuer. Various types of municipal securities are often related in such a way that political, economic or business developments affecting one obligation could affect other municipal securities held by a Fund.

**Management Risk.** Investment decisions, techniques, analyses or models implemented by a Fund's manager or sub-adviser in seeking to achieve the Fund's investment objective may not produce expected returns, may cause the Fund's shares to lose value or may cause the Fund to underperform other funds with similar investment objectives.

## Performance

## Tax Information

The Fund's distributions normally consist of exempt-interest dividends, which are generally not taxable to you for federal income tax purposes, but may be subject to federal AMT. A portion of the Fund's distributions may not qualify as exempt-interest dividends; such distributions will generally be taxable to you as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account. However, subsequent withdrawals from such a tax advantaged investment plan may be subject to federal income tax. You should consult your tax adviser about your specific situation.

## Payments to Intermediaries

If you purchase a Fund through an intermediary, the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the intermediary and your financial professional to recommend the Fund over another investment. Consult your financial professional or visit your intermediary's website for more information.

# Details About the Funds

---

## About Allspring Retail Money Market Funds

All Allspring Retail Money Market Funds seek to provide current income, while preserving capital and liquidity by investing in a portfolio of money market instruments. A Fund may have additional investment objectives or restrictions.

Money market instruments are high quality, short-term investments that present minimal credit risk and may include securities such as U.S. Government obligations, bank obligations, corporate bonds, commercial paper, municipal securities, asset- and mortgage-backed securities, and repurchase agreements. All Allspring Retail Money Market Funds are managed to meet the requirements of Rule 2a-7 under the Investment Company Act of 1940, as amended ("1940 Act"), which provides that:

- Each Fund will seek to maintain a net asset value of \$1.00 per share.
- Each Fund will only buy securities that have remaining maturities of 397 days or less as determined under Rule 2a-7.
- The dollar-weighted average maturity of each Fund will be 60 days or less.
- The dollar-weighted average life of each Fund will be 120 days or less.
- Each Fund will invest only in U.S. dollar-denominated securities.
- Each Fund will value its assets based on the total market value of all the securities it holds using the amortized cost method.

In order to obtain a rating from a rating organization, some Funds may observe additional investment restrictions.

# Money Market Fund

## Investment Objective

The Fund seeks current income, while preserving capital and liquidity.

The Fund's Board of Trustees can change this investment objective without a shareholder vote.

## Principal Investment Strategies

Under normal circumstances, we invest:

- exclusively in high-quality, short-term, U.S. dollar-denominated money market instruments of domestic and foreign issuers.

These investments include, but are not limited to, bank obligations such as time deposits and certificates of deposit, government securities, asset-backed securities, commercial paper, corporate bonds, municipal securities and repurchase agreements. These investments may have fixed, floating, or variable rates of interest and may be obligations of U.S. or foreign issuers. We may invest more than 25% of the Fund's total assets in U.S. dollar-denominated obligations of U.S. banks.

Our security selection is based on several factors, including credit quality, yield and maturity, while taking into account the Fund's overall level of liquidity and weighted average maturity. We will only purchase securities that we have determined present minimal credit risk.

The Fund may temporarily hold a greater portion of assets in uninvested cash for purposes of maintaining liquidity or for short-term defensive purposes when we believe it is in the best interest of shareholders to do so. During these periods, the Fund may not achieve its objective.

The Fund is primarily subject to the risks mentioned below.

- Market Risk
- Money Market Fund Risk
- Debt Securities Risk
- Industry Concentration Risk
- Foreign Investment Risk
- Management Risk
- Mortgage- and Asset-Backed Securities Risk
- Municipal Securities Risk
- Repurchase Agreement Risk
- U.S. Government Obligations Risk

These and other risks could cause you to lose money in your investment in the Fund and could adversely affect the Fund's net asset value, yield and total return. These risks are described in the "Description of Principal Investment Risks" section.

# National Tax-Free Money Market Fund

## Investment Objective

The Fund seeks current income exempt from federal income tax, while preserving capital and liquidity.

The Fund's Board of Trustees can change this investment objective without a shareholder vote.

## Principal Investment Strategies

Under normal circumstances, we invest:

- exclusively in high-quality, short-term, U.S. dollar-denominated money market instruments; and
- at least 80% of the Fund's net assets are invested in municipal obligations that pay interest exempt from federal income tax and federal alternative minimum tax ("AMT").

We actively manage a portfolio of high-quality, short-term municipal obligations that are issued by or on behalf of states, territories and possessions of the U.S. or their political subdivisions or financing authorities. These investments may have fixed, floating, or variable rates of interest.

We invest principally in municipal obligations that pay interest exempt from federal income tax and federal AMT. The Fund attempts to invest exclusively in these securities. However, the Fund may invest up to 20% of its net assets in high quality, short-term money market instruments that pay interest subject to federal income tax and/or federal AMT.

Our security selection is based on several factors, including credit quality, yield and maturity, while taking into account the Fund's overall level of liquidity and weighted average maturity. We will only purchase securities that we have determined present minimal credit risk.

The Fund may temporarily invest a greater portion of assets in high-quality, short-term money market instruments that pay interest subject to regular federal income tax or by holding a greater portion of assets in uninvested cash. Circumstances in which the Fund may invest or hold a greater portion of its assets in these securities or uninvested cash include, but are not limited to, periods of low or no availability of eligible municipal obligations or in order to manage liquidity. During these periods, the Fund may not achieve its objective. To the extent that the Fund invests in taxable securities, it may distribute taxable income.

The Fund is primarily subject to the risks mentioned below.

- Market Risk
- Money Market Fund Risk
- Debt Securities Risk
- Municipal Securities Risk
- Management Risk

These and other risks could cause you to lose money in your investment in the Fund and could adversely affect the Fund's net asset value, yield and total return. These risks are described in the "Description of Principal Investment Risks" section.

# Description of Principal Investment Risks

Understanding the risks involved in fund investing will help you make an informed decision that takes into account your risk tolerance and preferences. The risks that are most likely to have a material effect on a particular Fund as a whole are called “principal risks.” The principal risks for each Fund have been previously identified and are described below (in alphabetical order). Additional information about the principal risks is included in the Statement of Additional Information.

**Debt Securities Risk.** Debt securities are subject to credit risk and interest rate risk. Credit risk is the possibility that the issuer or guarantor of a debt security may be unable, or perceived to be unable or unwilling, to pay interest or repay principal when they become due. In these instances, the value of an investment could decline and the Fund could lose money. Credit risk increases as an issuer’s credit quality or financial strength declines. The credit quality of a debt security may deteriorate rapidly and cause significant deterioration in the Fund’s net asset value. Interest rate risk is the possibility that interest rates will change over time. When interest rates rise, the value of debt securities tends to fall. The longer the terms of the debt securities held by a Fund, the more the Fund is subject to this risk. If interest rates decline, interest that the Fund is able to earn on its investments in debt securities may also decline, which could cause the Fund to reduce the dividends it pays to shareholders, but the value of those securities may increase. Some debt securities give the issuers the option to call, redeem or prepay the securities before their maturity dates. If an issuer calls, redeems or prepays a debt security during a time of declining interest rates, the Fund might have to reinvest the proceeds in a security offering a lower yield, and therefore might not benefit from any increase in value as a result of declining interest rates. Very low or negative interest rates may magnify interest rate risk. Changing interest rates, including rates that fall below zero, may have unpredictable effects on markets, may result in heightened market volatility and may detract from Fund performance to the extent the Fund is exposed to such interest rates. Interest rate changes and their impact on the Fund and its share price can be sudden and unpredictable. Changes in market conditions and government policies may lead to periods of heightened volatility in the debt securities market, reduced liquidity Fund investments and an increase in Fund redemptions.

**Foreign Investment Risk.** Foreign investments may be subject to lower liquidity, greater price volatility and risks related to adverse political, regulatory, market or economic developments. Foreign companies may be subject to significantly higher levels of taxation than U.S. companies, including potentially confiscatory levels of taxation, thereby reducing the earnings potential of such foreign companies. Foreign investments may involve exposure to changes in foreign currency exchange rates. Such changes may reduce the U.S. dollar value of the investments. Foreign investments may be subject to additional risks, such as potentially higher withholding and other taxes, and may also be subject to greater trade settlement, custodial, and other operational risks than domestic investments. Certain foreign markets may also be characterized by less stringent investor protection and disclosure standards.

**Industry Concentration Risk.** A Fund that concentrates its investments in an industry or group of industries is more vulnerable to adverse market, economic, regulatory, political or other developments affecting such industry or group of industries than a fund that invests its assets more broadly.

**Management Risk.** Investment decisions, techniques, analyses or models implemented by a Fund’s manager or sub-adviser in seeking to achieve the Fund’s investment objective may not produce the returns expected, may cause the Fund’s shares to lose value or may cause the Fund to underperform other funds with similar investment objectives.

**Market Risk.** The values of, and/or the income generated by, securities held by a Fund may decline due to general market conditions or other factors, including those directly involving the issuers of such securities. Securities markets are volatile and may decline significantly in response to adverse issuer, regulatory, political, or economic developments. Different sectors of the market and different security types may react differently to such developments. Political, geopolitical, natural and other events, including war, terrorism, trade disputes, government shutdowns, market closures, inflation, natural and environmental disasters, epidemics, pandemics and other public health crises and related events have led, and in the future may lead, to economic uncertainty, decreased economic activity, increased market volatility and other disruptive effects on U.S. and global economies and markets. Such events may have significant adverse direct or indirect effects on a Fund and its investments. In addition, economies and financial markets throughout the world are becoming increasingly interconnected, which increases the likelihood that events or conditions in one country or region will adversely impact markets or issuers in other countries or regions.

**Money Market Fund Risk.** The Fund’s yield will change based on changes in interest rates and other market conditions. Because the Fund invests in short-term instruments, the Fund’s dividend yields are expected to be low when short-term market interest rates are low, and there is no guarantee that the Fund will not have a negative yield.

**Mortgage- and Asset-Backed Securities Risk.** Mortgage- and asset-backed securities are subject to risk of default on the underlying mortgages or assets, particularly during periods of economic downturn. Defaults on the underlying

mortgages or assets may cause such securities to decline in value and become less liquid. Rising interest rates tend to extend the duration of these securities, making them more sensitive to changes in interest rates than instruments with fixed payment schedules. As a result, in a period of rising interest rates, these securities may exhibit additional volatility. When interest rates decline or are low, borrowers may pay off their mortgage or other debts sooner than expected, which can reduce the returns of a Fund. Funds that may enter into mortgage dollar roll transactions are subject to the risk that the market value of the securities that are required to be repurchased in the future may decline below the agreed upon repurchase price. They also involve the risk that the party to whom the securities are sold may become insolvent, limiting a Fund's ability to repurchase securities at the agreed upon price.

**Municipal Securities Risk.** Municipal securities may be fully or partially backed or enhanced by the taxing authority of a local government, by the current or anticipated revenues from a specific project or specific assets, or by the credit of, or liquidity enhancement provided by, a private issuer. Municipal securities may be difficult to obtain because of limited supply, which may increase the cost to a Fund of purchasing such securities and effectively reduce the Fund's yield. Typically, less information is available about a municipal issuer than is available about other types of issuers. Various types of municipal securities are often related in such a way that political, economic or business developments affecting one obligation could affect other municipal securities held by the Fund. The value and liquidity of municipal securities backed by the revenue from a particular project or other source may decline if the project or other source fails to generate expected revenue. Although the Fund may strive to invest in municipal securities and other securities that pay interest that is exempt from certain taxes (such as federal taxes, federal alternative minimum tax and/or state taxes as applicable), some income earned by Fund investments may be subject to such taxes. Certain issuers of municipal securities may have the ability to call or redeem a security prior to its maturity date, which could impair Fund performance.

**Repurchase Agreement Risk.** In the event that the counterparty to a repurchase agreement is unwilling or unable to fulfill its contractual obligations to repurchase the underlying security, a Fund may lose money, suffer delays, or incur costs arising from holding or selling the underlying security.

**U.S. Government Obligations Risk.** U.S. Government obligations may be adversely impacted by changes in interest rates, and securities issued or guaranteed by U.S. Government agencies or government-sponsored entities may not be backed by the full faith and credit of the U.S. Government. If a government-sponsored entity is unable to meet its obligations or its creditworthiness declines, the performance of a Fund that holds securities issued or guaranteed by the entity will be adversely impacted. U.S. Government obligations may be adversely affected by a default by, or decline in the credit quality, of the U.S. Government.

# Portfolio Holdings Information

A description of the Allspring Funds' policies and procedures with respect to disclosure of the Funds' portfolio holdings is available in the Funds' Statement of Additional Information.

## Pricing Fund Shares

A Fund's net asset value ("NAV") is the value of a single share. The NAV is calculated each business day at the times reflected below, although a Fund may deviate from these calculation times under unusual or unexpected circumstances. The NAV is calculated separately for each class of shares of a multiple-class Fund. The last NAV calculated on the most recent business day is available at [allspringglobal.com](http://allspringglobal.com). To calculate the NAV of a Fund's shares, the Fund's assets are valued and totaled, liabilities are subtracted, and the balance, called net assets, is divided by the number of shares outstanding.

We calculate the NAV at the following times each business day:

<b>Money Market Fund</b>	9:00a.m., 10:00a.m., 11:00a.m., 12:00p.m., 1:00p.m., 2:00p.m., 3:00p.m. and 4:00p.m. (ET)
<b>National Tax-Free Money Market Fund</b>	9:00a.m., 10:00a.m., 11:00a.m., 12:00p.m. and 4:00p.m. (ET)

Generally, NAV is not calculated, and purchase and redemption requests are not processed, on days that the New York Stock Exchange ("NYSE") is closed for trading; however, a Fund may elect to remain open even on days that the NYSE is closed if the Securities Industry and Financial Markets Association ("SIFMA") recommends that the bond markets remain open. If the markets close early or if SIFMA recommends that the markets close early, a Fund may close early and may calculate its NAV at earlier times under these circumstances. The price at which a purchase or redemption request for Fund shares is processed is based on the next NAV calculated after the request is received in good order. In the case of an exchange order, the exchange order is deemed to be a request for the redemption of shares of one Fund and for the purchase of shares of another Fund, and will be processed at the next time that both Funds calculate their NAVs at the same time. Information on the timing of dividend accrual and settlement in connection with a purchase or redemption of shares can be found in the section of this Prospectus entitled "Buying and Selling Fund Shares."

A Fund's assets are valued using the amortized cost method, in accordance with Rule 2a-7 under the Investment Company Act of 1940, as amended (the "1940 Act"). Portfolio securities are valued at their acquisition cost, adjusted for discounts or premiums reflected in their purchase price regardless of the impact of fluctuating interest rates on the market value of the instrument. This method of valuation is designed to enable a Fund to price its shares at \$1.00 per share, although the value of the Fund's shares based on the mark-to-market valuation method may be more or less than \$1.00 per share.

The Board of Trustees has approved procedures designed to monitor a Fund's price per share. The Manager monitors the value of the Fund's shares based on the mark-to-market valuation method and will promptly notify the Board when the Fund's mark-to-market value deviates more than 0.25% from the Fund's established NAV of \$1.00 per share. In the event that the Board determines that a deviation exists that may result in material dilution or other unfair results to shareholders, the Fund will take such corrective action as it deems necessary, which may include, among other things, establishing a NAV of less than or more than \$1.00 per share by using available market quotations or suspending the redemption of shares and liquidating the Fund under Rule 22e-3 under the 1940 Act. See the Statement of Additional Information for additional details regarding the determination of NAVs.

# Management of the Funds

---

## The Manager

Allspring Funds Management, LLC (“Allspring Funds Management”), headquartered at 1415 Vantage Park Drive, 3rd Floor, Charlotte, NC 28203, provides advisory and Fund level administrative services to the Funds pursuant to an investment management agreement (the “Management Agreement”). Allspring Funds Management is a wholly owned subsidiary of Allspring Global Investments Holdings, LLC, a holding company indirectly owned by certain private funds of GTCR LLC and Reverence Capital Partners, L.P. Allspring Funds Management is a registered investment adviser that provides advisory services for registered mutual funds, closed-end funds and other funds and accounts.

Allspring Funds Management is responsible for implementing the investment objectives and strategies of the Funds. Allspring Funds Management’s investment professionals review and analyze the Funds’ performance, including relative to peer funds, and monitor the Funds’ compliance with their investment objectives and strategies. Allspring Funds Management is responsible for reporting to the Board on investment performance and other matters affecting the Funds. When appropriate, Allspring Funds Management recommends to the Board enhancements to Fund features, including changes to Fund investment objectives, strategies and policies. Allspring Funds Management also communicates with shareholders and intermediaries about Fund performance and features.

Allspring Funds Management is also responsible for providing Fund-level administrative services to the Funds, which include, among others, providing such services in connection with the Funds’ operations; developing and implementing procedures for monitoring compliance with regulatory requirements and compliance with the Funds’ investment objectives, policies and restrictions; and providing any other Fund-level administrative services reasonably necessary for the operation of the Funds, other than those services that are provided by the Funds’ transfer and dividend disbursing agent, custodian and fund accountant.

To assist Allspring Funds Management in implementing the investment objectives and strategies of the Funds, Allspring Funds Management may contract with one or more sub-advisers to provide day-to-day portfolio management services to the Funds. Allspring Funds Management employs a team of investment professionals who identify and recommend the initial hiring of any sub-adviser and oversee and monitor the activities of any sub-adviser on an ongoing basis. Allspring Funds Management retains overall responsibility for the investment activities of the Funds.

A discussion regarding the basis for the Board’s approval of the Management Agreement and any applicable sub-advisory agreements for each Fund is available in the Fund’s semi-annual report for the period ended July 31st.

For each Fund’s most recent fiscal year end, the management fee paid to Allspring Funds Management pursuant to the Management Agreement, net of any applicable waivers and reimbursements, was as follows:

### Management Fees Paid

	As a % of average daily net assets
Money Market Fund	0.05%
National Tax-Free Money Market Fund	0.09%

## The Sub-Adviser

The following sub-adviser provides day-to-day portfolio management services to the Funds. These services include making purchases and sales of securities and other investment assets for the Funds, selecting broker-dealers, negotiating brokerage commission rates and maintaining portfolio transaction records. The sub-adviser is compensated for its services by Allspring Funds Management from the fees Allspring Funds Management receives for its services as adviser to the Funds.

**Allspring Global Investments, LLC** (“Allspring Investments”) is a registered investment adviser located at 1415 Vantage Park Drive, 3rd Floor, Charlotte, NC 28203. Allspring Investments, an affiliate of Allspring Funds Management and wholly owned subsidiary of Allspring Global Investments Holdings, LLC, is a multi-boutique asset management firm committed to delivering superior investment services to institutional clients, including mutual funds.

## Multi-Manager Arrangement

The Funds and Allspring Funds Management have obtained an exemptive order from the SEC that permits Allspring Funds Management, subject to Board approval, to select certain sub-advisers and enter into or amend sub-advisory agreements with them, without obtaining shareholder approval. The SEC order extends to sub-advisers that are not otherwise affiliated with Allspring Funds Management or the Funds, as well as sub-advisers that are wholly-owned subsidiaries of Allspring Funds Management or of a company that wholly owns Allspring Funds Management. In addition, the SEC staff, pursuant to no-action relief, has extended multi-manager relief to any affiliated sub-adviser, such as affiliated sub-advisers that are not wholly-owned subsidiaries of Allspring Funds Management or of a company that wholly owns Allspring Funds Management, provided certain conditions are satisfied (all such sub-advisers covered by the order or relief, “Multi-Manager Sub-Advisers”).

As such, Allspring Funds Management, with Board approval, may hire or replace Multi-Manager Sub-Advisers for each Fund that is eligible to rely on the order or relief. Allspring Funds Management, subject to Board oversight, has the responsibility to oversee Multi-Manager Sub-Advisers and to recommend their hiring, termination and replacement. If a new sub-adviser is hired for a Fund pursuant to the order or relief, the Fund is required to notify shareholders within 90 days. The Funds are not required to disclose the individual fees that Allspring Funds Management pays to a Multi-Manager Sub-Adviser.

# Account Information

---

## Share Class Eligibility

Investment in a Fund is limited to accounts beneficially owned by natural persons. In general, Premier Class shares are available to individual investors who invest a minimum initial investment amount of \$10 million, either directly with a Fund or through an intermediary. Premier Class shares are also available without a minimum initial investment amount through the following, provided the beneficial owner of the account is a natural person:

- Employee defined contribution plan programs or other employer sponsored retirement plans;
- Broker-dealer managed account or wrap programs that charge an asset-based fee;
- Registered investment adviser mutual fund wrap programs or other accounts that are charged a fee for advisory, investment, consulting or similar services;
- Private bank and trust company managed account or wrap programs that charge an asset-based fee;
- Internal Revenue Code Section 529 college savings plan accounts;
- Money market trading platforms; and
- Certain investors and related accounts as detailed in the Statement of Additional Information.

Any of the minimum initial investment amount waivers listed above may be modified or discontinued at any time.

Your Fund may offer other classes of shares in addition to those offered through this Prospectus. You may be eligible to invest in one or more of these other classes of shares. Each share class bears varying expenses and may differ in other features. Consult your financial professional for more information regarding a Fund's available share classes.

The information in this Prospectus is not intended for distribution to, or use by, any person or entity in any non-U.S. jurisdiction or country where such distribution or use would be contrary to any law or regulation, or which would subject Fund shares to any registration requirement within such jurisdiction or country.

## Compensation to Financial Professionals and Intermediaries

In addition to dealer reallowances and payments made by certain classes of each Fund for distribution and shareholder servicing, the Fund's manager, the distributor or their affiliates make additional payments ("Additional Payments") to certain financial professionals and intermediaries for selling shares and providing shareholder services, which include broker-dealers and 401(k) service providers and record keepers. These Additional Payments, which may be significant, are paid by the Fund's manager, the distributor or their affiliates, out of their revenues, which generally come directly or indirectly from Fund fees.

In return for these Additional Payments, each Fund's manager and distributor expect the Fund to receive certain marketing or servicing considerations that are not generally available to mutual funds whose sponsors do not make such payments. Such considerations are expected to include, without limitation, placement of the Fund on a list of mutual funds offered as investment options to the intermediary's clients (sometimes referred to as "Shelf Space"); access to the intermediary's financial professionals; and/or the ability to assist in training and educating the intermediary's financial professionals.

The Additional Payments may create potential conflicts of interest between an investor and a financial professional or intermediary who is recommending or making available a particular mutual fund over other mutual funds. Before investing, you should consult with your financial professional and review carefully any disclosure by the intermediary as to what compensation the intermediary receives from mutual fund sponsors, as well as how your financial professional is compensated.

The Additional Payments are typically paid in fixed dollar amounts, based on the number of customer accounts maintained by an intermediary, or based on a percentage of sales and/or assets under management, or a combination of the above. The Additional Payments are either up-front or ongoing or both and differ among intermediaries. In a given year, Additional Payments to an intermediary that is compensated based on its customers' assets typically range between 0.02% and 0.25% of assets invested in a Fund by the intermediary's customers. Additional Payments to an intermediary that is compensated based on a percentage of sales typically range between 0.10% and 0.25% of the gross sales of a Fund attributable to the financial intermediary.

More information on the FINRA member firms that have received the Additional Payments described in this section is available in the Statement of Additional Information, which is on file with the SEC and is also available on the Allspring Funds website at [www.allspringglobal.com](http://www.allspringglobal.com).

## Buying and Selling Fund Shares

For more information regarding buying and selling Fund shares, please visit [www.allspringglobal.com](http://www.allspringglobal.com). You may buy (purchase) and sell (redeem) Fund shares as follows:

	Opening an Account	Adding to an Account or Selling Fund Shares
<b>Through Your Financial Professional</b>	<p><b>Contact your financial professional.</b></p> <p>Transactions will be subject to the terms of your account with your intermediary.</p>	<p><b>Contact your financial professional.</b></p> <p>Transactions will be subject to the terms of your account with your intermediary.</p>
<b>Through Your Retirement Plan</b>	<p><b>Contact your retirement plan administrator.</b></p> <p>Transactions will be subject to the terms of your retirement plan account.</p>	<p><b>Contact your retirement plan administrator.</b></p> <p>Transactions will be subject to the terms of your retirement plan account.</p>
<b>Online</b>	<p>New accounts cannot be opened online. Contact your financial professional or retirement plan administrator, or refer to the section on opening an account by mail.</p>	<p><b>Visit <a href="http://www.allspringglobal.com">www.allspringglobal.com</a>.</b></p> <p>Online transactions are limited to a maximum of \$100,000. You may be eligible for an exception to this maximum. Please call Investor Services at 1-800-222-8222 for more information.</p>
<b>By Telephone</b>	<p><b>Call Investor Services at 1-800-222-8222.</b></p> <p>Available only if you have another Allspring Fund account with your bank information on file.</p>	<p><b>Call Investor Services at 1-800-222-8222.</b></p> <p>Redemption requests may not be made by phone if the address on your account was changed in the last 15 days. In this event, you must request your redemption by mail. For joint accounts, telephone requests generally require only one of the account owners to call unless you have instructed us otherwise.</p>
<b>By Mail</b>	<p><b>Complete an account application and submit it according to the instructions on the application.</b></p> <p>Account applications are available online at <a href="http://www.allspringglobal.com">www.allspringglobal.com</a> or by calling Investor Services at 1-800-222-8222.</p>	<p><b>Send the items required under “Requests in Good Order” below to:</b></p> <p><u>Regular Mail</u>  Allspring Funds  P.O. Box 219967  Kansas City, MO 64121-9967</p> <p><u>Overnight Only</u>  Allspring Funds  430 W 7th Street STE 219967  Kansas City, MO 64105-1407</p>

**Requests in “Good Order”.** All purchase and redemption requests must be received in “good order.” This means that a request generally must include:

- The Fund name(s), share class(es) and account number(s);
- The amount (in dollars or shares) and type (purchase or redemption) of the request;
- If by mail, the signature of each registered owner as it appears in the account application;
- For purchase requests, payment of the full amount of the purchase request (see “Payment” below); and
- Any supporting legal documentation that may be required.

Purchase and redemption requests in good order will be processed at the next NAV calculated after the Fund’s transfer agent or an authorized intermediary<sup>1</sup> receives your request. If your request is not received in good order, additional

documentation may be required to process your transaction. We reserve the right to waive any of the above requirements.

1. The Fund's shares may be purchased through an intermediary that has entered into a dealer agreement with the Fund's distributor. The Fund has approved the acceptance of a purchase or redemption request effective as of the time of its receipt by such an authorized intermediary or its designee, as long as the request is received by one of those entities prior to the Fund's closing time. These intermediaries may charge transaction fees. We reserve the right to adjust the closing time in certain circumstances.

**Payment.** Payment for Fund shares may be made as follows:

<b>By Wire</b>	Purchases into a new or existing account may be funded by using the following wire instructions:  State Street Bank & Trust Boston, MA Bank Routing Number: ABA 011000028 Wire Purchase Account: 9905-437-1 Attention: Allspring Funds (Name of Fund, Account Number and any applicable share class) Account Name: Provide your name as registered on the Fund account or as included in your account application.
<b>By Check</b>	Make checks payable to Allspring Funds.
<b>By Exchange</b>	Identify an identically registered Allspring Fund account from which you wish to exchange (see "Exchanging Fund Shares" below for restrictions on exchanges).
<b>By Electronic Funds Transfer ("EFT")</b>	Additional purchases for existing accounts may be funded by EFT using your linked bank account.

All payments must be in U.S. dollars, and all checks and EFTs must be drawn on U.S. banks. You will be charged a \$25.00 fee for every check or EFT that is returned to us as unpaid.

**Timing of Redemption Proceeds.** Generally, requests for redemption proceeds by check or Electronic Funds Transfer that are received in good order will be sent out by the next business day after receipt and will earn a dividend until the day such proceeds are sent.

Generally, requests for redemption proceeds by wire that are received in good order will be processed and earn dividends as listed in the table below.

<b>If a Request is Received in Good Order:</b>	<b>Proceeds Wired</b>	<b>Dividends</b>
<b>National Tax-Free Money Market Fund</b>		
▪ By 12:00 p.m. (ET)	Same Business Day <sup>1</sup>	Not earned on day of request
▪ After 12:00 p.m. (ET)	Next Business Day	Earned on day of request
<b>Money Market Fund</b>		
▪ By 4:00 p.m. (ET)	Same Business Day <sup>1</sup>	Not earned on day of request
▪ After 4:00 p.m. (ET)	Next Business Day	Earned on day of request

1. Please note that while we will make every effort to wire your redemption proceeds on the same business day, same day settlement is not guaranteed.

Please note that if you wish to redeem shares purchased by check, by EFT or through the Automatic Investment Plan within seven days of purchase, you may be asked to resubmit your redemption request if your payment has not yet cleared.

**Form of Redemption Proceeds.** You may request that your redemption proceeds be sent to you by check, by EFT into a linked bank account, or by wire to a linked bank account. Please call Investor Services at 1-800-222-8222 regarding the requirements for linking bank accounts or for wiring funds. Under normal circumstances, we expect to meet redemption requests either by using uninvested cash or cash equivalents or by using the proceeds from the sale of portfolio securities, at the discretion of the portfolio manager(s). The Allspring Funds may also borrow through a bank line of credit for the purpose of meeting redemption requests, although we do not expect to draw funds from this source on a regular basis. In lieu of making cash payments, we reserve the right to determine in our sole discretion, including under stressed market conditions, whether to satisfy redemption requests by making payments in securities.

In such cases, we may meet all or part of a redemption request by making payment in securities equal in value to the amount of the redemption payable to you as permitted under the 1940 Act, and the rules thereunder, in which case the redeeming shareholder should expect to incur transaction costs upon the disposition of any securities received.

**Right to Delay Payment.** For the National Tax-Free Money Market Fund, we can delay the payment of a redemption for up to seven days. We may delay the payment of a redemption for longer than seven days under extraordinary circumstances. For the Money Market Fund, we can delay the payment of a redemption for longer than one day if there is a non-routine closure of the Fedwire or Federal Reserve Bank or under extraordinary circumstances. For each Fund, we may also suspend redemptions if the Fund experiences significantly impaired liquidity. Please see the section entitled "Liquidity Fees and Redemption Gates" below for further information.

Under the extraordinary circumstances discussed under Section 22(e) under the Investment Company Act of 1940, as amended, we may suspend the right of redemption or postpone the date of payment of a redemption for longer than one day for the Money Market Fund and for longer than seven days for the National Tax-Free Money Market Fund. Generally, those extraordinary circumstances are when: (i) the New York Stock Exchange is closed or trading thereon is restricted; (ii) an emergency exists which makes the disposal by a Fund of securities it owns, or the fair determination of the value of the Fund's net assets not reasonable practical; or (iii) the SEC, by order, permits the suspension of the right of redemption for the protection of shareholders.

**Retirement Plans and Other Products.** If you purchased shares through a packaged investment product or retirement plan, read the directions for selling shares provided by the product or plan. There may be special requirements that supercede the directions in this Prospectus.

**Liquidity Fees and Redemption Gates.** If a Fund's weekly liquid assets (as defined in Rule 2a-7(34)) fall below 30% of its total assets, the Fund may institute a liquidity fee on redemptions of up to 2% of the value of shares redeemed and/or may impose a redemption gate (i.e., a suspension of the right to redeem), if the Board determines that doing so would be in the best interests of the Fund and its shareholders. A liquidity fee and/or a redemption gate imposed under these circumstances may be implemented intraday. The Board may determine to raise or lower such liquidity fee after it has been imposed, but the liquidity fee may not exceed 2% of the value of shares redeemed.

If at the end of a business day, a Fund's weekly liquid assets fall below 10% of its total assets, the Fund must institute a liquidity fee, effective as of the next business day, of 1% of the value of shares redeemed, unless the Board determines that imposing the fee is not in the best interests of the Fund or determines that a lower or higher liquidity fee (subject to the 2% limit) is in the best interests of the Fund.

A liquidity fee and/or redemption gate may be implemented prior to giving notice to shareholders or intermediaries. It is expected that notice will be given through a supplement to the Fund's prospectuses and by posting to the Fund's website. A Fund may further communicate such action through a press release or by other means. The lifting of a liquidity fee or redemption gate will be communicated through similar means.

Any redemption request received by the Fund's transfer agent or an authorized intermediary in good order prior to the effectiveness of a liquidity fee or redemption gate will not be subject to such fee or gate. If a shareholder submits a redemption request while a redemption gate is in place, such request will be canceled and the shareholder will need to submit a new request following the lifting of the gate in order to redeem shares. When a fee or a gate is in place, a Fund will not allow purchases.

Once imposed, a liquidity fee must be applied to all shares redeemed and will remain in effect until the Board determines that imposing a fee is no longer in the best interests of the Fund; provided however that, if at the end of a business day, the Fund's weekly liquid assets have risen to 30% or more of its total assets, the Fund must cease charging the liquidity fee, effective at the beginning of the next business day. While in effect, any liquidity fees collected by the Fund will be used to help increase the Fund's weekly liquid assets.

Once imposed, a redemption gate must apply to all shares and will remain in effect until the Board determines that the redemption gate is no longer in the best interests of the Fund, provided, however, that the Fund must restore right of redemption on the earlier of: (1) the beginning of the next business day following a business day that ended with the Fund having invested 30% or more of its total assets in weekly liquid assets; or (2) the beginning of the next business day following 10 business days after suspending redemptions. A Fund may not impose a redemption gate for more than 10 business days in any rolling 90 calendar day period.

Please note that the Board may, in its discretion, elect to permanently suspend redemptions and liquidate a Fund under certain circumstances, including, among other things, if a Fund's weekly liquid assets fall below 10% of its total assets.

# Exchanging Fund Shares

Exchanges between two funds involve two transactions: (1) the redemption of shares of one fund; and (2) the purchase of shares of another. In general, the same rules and procedures described under “Buying and Selling Fund Shares” apply to exchanges. There are, however, additional policies and considerations you should keep in mind while making or considering an exchange:

- In general, exchanges may be made between like share classes of any fund in the Allspring Funds complex offered to the general public for investment (i.e., a fund not closed to new accounts), with the following exceptions: (1) Class A shares of non-money market funds may also be exchanged for Service Class shares of any retail or government money market fund; (2) Service Class shares may be exchanged for Class A shares of any non-money market fund; and (3) no exchanges are allowed into institutional money market funds.
- If you make an exchange between Class A shares of a money market fund or Class A2 or Class A shares of a non-money market fund, you will buy the shares at the public offering price of the new fund, unless you are otherwise eligible to buy shares at NAV.
- Same-fund exchanges between share classes are permitted subject to the following conditions: (1) the shareholder must meet the eligibility guidelines of the class being purchased in the exchange; (2) exchanges out of Class A and Class C shares would not be allowed if shares are subject to a CDSC; and (3) for non-money market funds, in order to exchange into Class A shares, the shareholder must be able to qualify to purchase Class A shares at NAV based on current Prospectus guidelines.
- An exchange request will be processed on the same business day, provided that both funds are open at the time the request is received. If one or both funds are closed, the exchange will be processed on the following business day.
- You should carefully read the Prospectus for the Fund into which you wish to exchange.
- Every exchange involves redeeming fund shares, which may produce a capital gain or loss for tax purposes.
- If you are making an initial investment into a fund through an exchange, you must exchange at least the minimum initial investment amount for the new fund, unless your balance has fallen below that amount due to investment performance.
- If you are making an additional investment into a fund that you already own through an exchange, you must exchange at least the minimum subsequent investment amount for the fund you are exchanging into.
- Class A and Class C share exchanges will not trigger a CDSC. The new shares received in the exchange will continue to age according to the original shares’ CDSC schedule and will be charged the CDSC applicable to the original shares upon redemption.

Generally, we will notify you at least 60 days in advance of any changes in the above exchange policies.

# Frequent Purchases and Redemptions of Fund Shares

Excessive trading by Fund shareholders can negatively impact a Fund and its long-term shareholders by increasing expenses or lowering returns. However, money market funds, which are typically utilized by investors for cash management purposes and invest in highly liquid securities, are not as susceptible to these negative effects as non-money market Funds.

Although the policies adopted by the Funds do not prohibit frequent trading between money market Funds, Allspring Funds Management will seek to prevent an investor from utilizing a money market Fund to facilitate frequent purchases and redemptions of shares in non-money market Funds. If Allspring Funds Management determines that an investor has engaged in timing activities in contravention of the Funds’ policies (as described in the prospectus for the non-money market Fund), Allspring Funds Management will prevent such investor from investing in the non-money market Fund for a period of 30 calendar days.

In addition, Allspring Funds Management reserves the right to accept purchases, redemptions and exchanges made in excess of applicable trading restrictions in designated accounts held by Allspring Funds Management or its affiliate that are used at all times exclusively for addressing operational matters related to shareholder accounts, such as testing of account functions, and are maintained at low balances that do not exceed specified dollar amount limitations.

# Account Policies

## **Advance Notice of Large Transactions.**

We strongly urge you to begin all purchases and redemptions as early in the day as possible and to notify us at least one day in advance of transactions in excess of \$50,000,000. This will allow us to manage your Fund most effectively. When you give us this advance notice, you must provide us with your name and account number.

**Householding.** To help keep Fund expenses low, a single copy of a Prospectus or shareholder report may be sent to shareholders of the same household. If your household currently receives a single copy of a Prospectus or shareholder report and you would prefer to receive multiple copies, please call Investor Services at 1-800-222-8222 or contact your financial professional.

## **Retirement Accounts.**

We offer a variety of retirement account types for individuals and small businesses. There may be special distribution requirements for a retirement account, such as required distributions or mandatory Federal income tax withholdings. For more information about the retirement accounts listed below, including any distribution requirements, call Investor Services at 1-800-222-8222. For retirement accounts held directly with a Fund, certain fees may apply including an annual account maintenance fee. The retirement accounts available for individuals and small businesses are:

- Individual Retirement Accounts, including Traditional IRAs and Roth IRAs.
- Small business retirement accounts, including Simple IRAs and SEP IRAs.

## **Small Account Redemptions.**

We reserve the right to redeem accounts that have values that fall below a Fund's minimum initial investment amount due to shareholder redemptions (as opposed to market movement). Before doing so, we will give you approximately 60 days to bring your account value above the Fund's minimum initial investment amount. Please call Investor Services at 1-800-222-8222 or contact your financial professional for further details.

## **Transaction Authorizations.**

We may accept telephone, electronic, and clearing agency transaction instructions from anyone who represents that he or she is a shareholder and provides reasonable confirmation of his or her identity. Neither we nor Allspring Funds will be liable for any losses incurred if we follow such instructions we reasonably believe to be genuine. For transactions through our website, we may assign personal identification numbers (PINs) and you will need to create a login ID and password for account access. To safeguard your account, please keep these credentials confidential. Contact us immediately if you believe there is a discrepancy on your confirmation statement or if you believe someone has obtained unauthorized access to your online access credentials.

## **Identity Verification.**

We are required by law to obtain from you certain personal information that will be used to verify your identity. If you do not provide the information, we will not be able to open your account. In the rare event that we are unable to verify your identity as required by law, we reserve the right to redeem your account at the current NAV of the Fund's shares. You will be responsible for any losses, taxes, expenses, fees, or other results of such a redemption.

## **Right to Freeze Accounts, Suspend Account Services or Reject or Terminate an Investment.**

We reserve the right, to the extent permitted by law and/or regulations, to freeze any account or suspend account services when we have received reasonable notice (written or otherwise) of a dispute between registered or beneficial account owners or when we believe a fraudulent transaction may occur or has occurred. Additionally, we reserve the right to reject any purchase or exchange request and to terminate a shareholder's investment, including closing the shareholder's account.

# Distributions

The Funds declare distributions of net investment income, if any, daily, and make such distributions, if any, monthly. The Funds generally make distributions of realized net capital gains, if any, annually. Your distributions will be automatically reinvested in additional shares, unless you or your Institution directs otherwise. Your other options are to receive checks for these payments, have them automatically invested in the same class of another Allspring Fund, or have them deposited into your bank account. With the check payment option, if checks remain uncashed for six months or are undeliverable by the Post Office, we will reinvest the distributions at the earliest date possible, and future distributions will be automatically reinvested. To change the current option for payment of distributions, please contact your Institution.

**Earning Distributions.** Assuming the purchase amount is received by the Funds' custodian no later than the close of the Federal Funds Wire, which is normally 6:00 p.m. (ET), dividends will accrue as follows:

If a Request is Received in Good Order:	Dividends Begin to Accrue:
<b>National Tax-Free Money Market Fund</b>	
▪ By 12:00 p.m. (ET)	Same Business Day
▪ After 12:00 p.m. (ET)	Next Business Day
<b>Money Market Fund</b>	
▪ By 4:00 p.m. (ET)	Same Business Day
▪ After 4:00 p.m. (ET)	Next Business Day

# Other Information

---

## Taxes

The following discussion regarding income taxes is based on laws that were in effect as of the date of this Prospectus and summarizes only some of the important federal and state income tax considerations affecting the Funds and you as a shareholder. It does not apply to foreign or tax-exempt shareholders or those holding Fund shares through a tax-advantaged account, such as a 401(k) Plan or IRA. This discussion is not intended as a substitute for careful tax planning. You should consult your tax adviser about your specific tax situation. Please see the Statement of Additional Information for additional federal income tax information.

We will pass on to a Fund's shareholders substantially all of the Fund's net investment income and realized net capital gains, if any. With respect to the National Tax-Free Money Market Fund, it is intended that distributions from the Funds' net interest income from tax-exempt securities will not be subject to federal income tax, although a portion of such distributions could be subject to the federal AMT for individual shareholders. Individual shareholders should consult their tax advisers regarding their specific tax situation.

Distributions of ordinary income from the National Tax-Free Money Market Fund attributable to other sources, if any, and of ordinary income from the other Funds attributable to all sources, if any, generally will be taxable to you as ordinary income.

Although the Funds do not expect to realize any capital gain, distributions of a Fund's net short-term capital gain, if any, generally will be taxable to you as ordinary income and distributions of a Fund's net long-term capital gain, if any, generally will be taxable to you as long-term capital gain. Corporate shareholders should not expect to deduct a portion of their distributions when determining their taxable income. In general, distributions also will not qualify for reductions in federal income taxation of dividends payable to individuals from certain domestic and foreign corporations.

To the extent a distribution from a Fund is taxable, such distributions will be taxable to you when paid, whether you take distributions in cash or automatically reinvest them in additional Fund shares. Following the end of each year, we will notify you of the federal income tax status of your distributions for the year.

Individual taxpayers are subject to tax on ordinary income at a maximum rate of 37% and the maximum tax rate on long-term capital gains and qualified dividends is 20%. For U.S. individuals with income exceeding \$200,000 (\$250,000 if married and filing jointly), a 3.8% Medicare contribution tax applies on "net investment income," including interest, dividends, and capital gains. Corporations are subject to tax on all income and gains at a tax rate of 21%.

In certain circumstances, Fund shareholders may be subject to back-up withholding taxes.

As long as a Fund continually maintains a \$1.00 NAV, you ordinarily will not recognize a taxable gain or loss on the redemption or exchange of your Fund shares.

There is some degree of uncertainty with respect to the tax treatment of liquidity fees received by money market funds, and such tax treatment may be the subject of future guidance issued by the Internal Revenue Service. If a Fund receives liquidity fees, it will consider the appropriate tax treatment of such fees to the Fund at such time.

# Financial Highlights

The following tables are intended to help you understand a Fund's financial performance for the past five years (or since inception, if shorter). Certain information reflects financial results for a single Fund share. Total returns represent the rate you would have earned (or lost) on an investment in each Fund (assuming reinvestment of all distributions). The information in the following tables has been derived from the Funds' financial statements which have been audited by KPMG LLP, the Funds' independent registered public accounting firm, whose report, along with each Fund's financial statements, is also included in each Fund's annual report, a copy of which is available upon request.

## Money Market Fund

For a share outstanding throughout each period

Premier Class	Year ended January 31				
	2023	2022	2021	2020	2019
<b>Net asset value, beginning of period</b>	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00
