Opinion

We have audited the financial statements of Allspring Core Bond CIT (formerly, Wells Fargo Core Bond CIT), Allspring Core Bond II CIT (formerly, Wells Fargo Core Bond II CIT), Allspring Core Plus Bond CIT, Allspring Discovery Small Cap Growth CIT (formerly, Wells Fargo Fundamental Small Cap Growth CIT), Allspring Discovery SMID Cap Growth CIT (formerly, Wells Fargo Discovery CIT), Allspring Emerging Growth CIT (formerly, Wells Fargo Emerging Growth CIT), Allspring Emerging Markets Equity CIT (formerly, Wells Fargo Emerging Markets Equity CIT), Allspring Enhanced Core Bond CIT, Allspring Enhanced Stock Market CIT (formerly, Wells Fargo Enhanced Stock Market CIT), Allspring Factor Enhanced Large Cap Core CIT (formerly, Wells Fargo Factor Enhanced Large Cap Core CIT), Allspring Growth CIT (formerly, Wells Fargo Growth CIT), Allspring Premier Large Company Growth CIT (formerly, Wells Fargo Premier Large Company Growth CIT), Allspring Special International Small Cap CIT, Allspring Special Large Cap Value CIT (formerly, Wells Fargo Large Cap Intrinsic Value CIT), Allspring Special Mid Cap Value CIT (formerly, Wells Fargo Special Mid Cap Value CIT) and Allspring Special Small Cap Value CIT (formerly, Wells Fargo Special Small Cap Value CIT) (collectively, the Funds), sixteen of the collective investment funds constituting Allspring Collective Investment Trust, which comprise the statements of assets and liabilities, including the schedules of investments, as of December 31, 2022, and the related statements of operations and changes in net assets for the year then ended, except for Allspring Core Plus Bond CIT which is for the period from May 20, 2022 (commencement of operations) to December 31, 2022, Allspring Enhanced Core Bond CIT which is for the period from March 1, 2022 (commencement of operations) to December 31, 2022, and Allspring Special International Small Cap CIT which is for the period from August 9, 2022 (commencement of operations) to December 31, 2022, and the related notes to the financial statements, and the financial highlights for the year or periods then ended.

In our opinion, the accompanying financial statements and financial highlights present fairly, in all material respects, the financial position of the Funds as of December 31, 2022, and the results of their operations and changes in their net assets for the year or periods then ended, and the financial highlights for the year or periods then ended, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors'

Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Funds and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements and financial highlights in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements and financial highlights that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements and financial highlights, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Funds' ability to continue as a going concern for one year after the date that the financial statements and financial highlights are issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements and financial highlights as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements and financial highlights.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements and financial highlights, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements and financial highlights.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Funds' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

<i>Allspring Enhanced Core Bond CIT</i>	<i>Allspring Special Small Cap Value CIT</i> (formerly Wells Fargo Special Small Cap Value CIT)

The Funds are established under the Allspring Collective Investment Trust Declaration of Trust, as amended and restated, dated December 19, 2022, and are each a collective investment fund managed and trustee by SEI Trust Company ("SEI") for retirement plans (the "participants") qualified under Section 401(a) and tax-exempt under Section 501(a) of the Internal Revenue Code of 1986, as amended (the "Code"). Prior to April 1, 2022, the Funds were established under the Wells Fargo Bank Declaration of Trust Establishing Investment Funds for Employee Benefit Trusts, as amended and restated, dated December 16, 2021, and were each a collective investment fund managed and trustee by Wells Fargo Bank, N.A. ("Wells Fargo"). On April 1, 2022, Wells Fargo resigned as trustee and SEI assumed trusteeship of the Trust which became Allspring Collective Investment Trust. Each Fund is an investment company and follows the accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946, *Financial Services - Investment Companies*.

On November 30 2022, Allspring Special Large Cap Value CIT's sole unitholder fully redeemed its units in the Fund. The Fund will remain open in the event a future investor wishes to invest in the Fund.

The investment objective of each Fund is as follows:

Allspring Core Bond CIT

The Fund seeks total return consisting of current income and capital appreciation by investing in investment-grade debt securities, including U.S. Government obligations, corporate bonds, and mortgage- and asset-backed securities.

Allspring Core Bond II CIT

The Fund seeks total return consisting of current income and capital appreciation by investing in investment-grade debt securities, including U.S. Government obligations, corporate bonds, and mortgage- and asset-backed securities.

Allspring Core Plus Bond CIT

The Fund seeks total return consisting of current income and capital appreciation. There is no assurance that the Fund will achieve its objective.

Allspring Discovery Small Cap Growth CIT

The Fund seeks to achieve long-term capital appreciation primarily through investments in small cap growth companies.

Allspring Discovery SMID Cap Growth CIT

The Fund seeks long-term capital appreciation by principally investing in small- and mid-capitalization companies where growth is robust, sustainable, and not fully recognized by the market.

Allspring Emerging Growth CIT

The Fund seeks long-term capital appreciation by principally investing in small-capitalization companies where growth is robust, sustainable, and underappreciated by the market.

Allspring Emerging Markets Equity CIT

The Fund seeks long-term capital appreciation by investing in equity and equity-linked securities of emerging market companies.

2. SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies, which are consistently followed in the preparation of the financial statements of each Fund, are in conformity with U.S. generally accepted accounting principles which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Securities valuation

All investments are valued each business day as of the close of regular trading on the New York Stock Exchange (generally 4 p.m. Eastern Time), although the Funds may deviate from this calculation time under unusual or unexpected circumstances.

Equity securities and futures contracts that are listed on a foreign or domestic exchange or market are valued at the official closing price or, if none, the last sales price. If no sale occurs on the principal exchange or market that day, a fair value price will be determined in accordance with the Collective Fund Valuation Procedure.

The values of securities denominated in foreign currencies are translated into U.S. dollars at rates provided by an independent foreign currency pricing source at a time each business day specified by the Trustee.

Many securities markets and exchanges outside the U.S. close prior to the close of the New York Stock Exchange and therefore may not fully reflect trading or events that occur after the close of the principal exchange in which the foreign securities are traded, but before the close of the New York Stock Exchange. If such trading or events are expected to materially affect the value of such securities, then fair value pricing procedures approved by the Trustee are applied. These procedures take into account multiple factors including movements in U.S. securities markets after foreign exchanges close. Foreign securities that are fair valued under these procedures are categorized as Level 2 and the application of these procedures may result in transfers between Level 1 and Level 2. Depending on market activity, such fair valuations may be frequent. Such fair value pricing may result in net asset values that are higher or lower than net asset values based on the last reported sales price or latest quoted bid price. On December 31, 2022, such fair value pricing was used in pricing of certain foreign securities held in Allspring Discovery Small Cap Growth CIT and Allspring Emerging Markets Equity CIT.

Debt securities are valued at the evaluated bid price provided by an independent pricing service (e. g. taking into account various factors, including yields, maturities, or credit ratings) or, if a reliable price is not available, the quoted bid price from an independent broker-dealer.

Allspring Collective Investment Trust

Notes to Financial Statements

Investments in underlying collective investment funds are valued at net asset value per unit as reported by the underlying funds as of the close of the regular trading on the New York Stock Exchange on each day the exchange is open for trading.

When market quotations are not readily available, securities are valued at fair value as determined in good faith by procedures established by the Trustee. As of December 31, 2022, there were no securities valued in good faith by the Trustee that were material to net assets.

Futures contracts

Futures contracts are agreements between a Fund and a counterparty to buy or sell a specific amount of a commodity, financial instrument or currency at a specified price and on a specified date. A Fund may buy and sell futures contracts in order to gain exposure to, or protect against, changes in interest rates and security values and is subject to interest rate risk and equity price risk. The primary risks associated with the use of futures contracts are the imperfect correlation between changes in market values of securities held by the Fund and the prices of futures contracts, and the possibility of an illiquid market. Futures contracts are generally entered into on a regulated futures exchange and cleared through a clearinghouse associated with the exchange. With futures contracts, there is minimal counterparty risk to the Fund since futures contracts are exchange traded and the exchange's clearinghouse, as the counterparty to all exchange traded futures, guarantees the futures contracts against default.

Upon entering into a futures contracts, the Fund is required to deposit either cash or securities (initial margin) with the broker in an amount equal to a certain percentage of the contract value. Subsequent payments (variation margin) are paid to or from the broker each day equal to the daily changes in the contract value. Such payments are recorded as unrealized gains or losses and, if any, shown as variation margin receivable (payable) in the Statements of Assets and Liabilities. Should the Fund fail to make requested variation margin payments, the broker can gain access to the initial margin to satisfy the Fund's payment obligations. When the contracts are closed, a realized gain or loss is recorded in the Statements of Operations.

Foreign currency translation

The accounting records of each Fund are maintained in U.S. dollars. The values of other assets and liabilities denominated in foreign currencies are translated into U.S. dollars at rates provided by an independent foreign currency pricing source at a time each business day specified by the Trustee. Purchases and sales of securities, and income and expenses are converted at the rate of exchange on the respective dates of such transactions. Net realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest and foreign withholding taxes recorded and the U.S. dollar equivalent of the amounts actually paid or received. Net unrealized foreign exchange gains and losses arise from changes in the fair value of assets and liabilities other than investments in securities resulting from changes in exchange rates. The changes in net assets arising from changes in exchange rates of securities and the changes in net assets resulting from changes in market prices of securities are not separately presented. Such changes are included in net realized and unrealized gains or losses from investments.

Forward foreign currency contracts

A forward foreign currency contract is an agreement between two parties to purchase or sell a specific currency for an agreed-upon price at a future date. A Fund enters into forward foreign currency contracts to facilitate transactions in foreign-denominated securities and to attempt to minimize the risk to the Fund from adverse changes in the relationship between currencies. Forward foreign currency contracts are recorded at the forward rate and marked-to-market daily. When the contracts are closed, realized gains and losses arising from such transactions are recorded as realized gains or losses on forward foreign currency contracts. The Fund is subject to foreign exchange risk and may be exposed to risks if the counterparties to the contracts are unable to meet the terms of their contracts or if the value of the foreign currency changes unfavorably. The Fund's maximum risk of loss from counterparty credit risk is the unrealized gains on the contracts. This risk may be mitigated if there is a master netting arrangement between the Fund and the counterparty.

When-issued transactions

A Fund may purchase securities on a forward commitment or when-issued basis. A Fund records a when-issued transaction on the trade date and will segregate assets in an amount at least equal in value to the Fund's commitment to purchase when-issued securities. Securities purchased on a when-issued basis are marked-to-market daily and the Fund begins earning interest on the settlement date. Losses may arise due to changes in the market value of the underlying securities or if the counterparty does not perform under the contract.

Security transactions and income recognition

Securities transactions are recorded on a trade date basis. Realized gains or losses are determined on an average cost basis.

Interest income is accrued daily and bond discounts are accreted and premiums are amortized daily. To the extent debt obligations are placed on non-accrual status, any related interest income may be reduced by writing off interest receivables when the collection of all or a portion of interest has been determined to be doubtful based on consistently applied procedures and the fair value has decreased. If the issuer subsequently resumes interest payments or when the collectability of interest is reasonably assured, the debt obligation is removed from non-accrual status.

Dividend income is recognized on the ex-dividend date, except for certain dividends from foreign securities which are recorded as soon as the custodian verifies the ex-dividend date.

Allspring Collective Investment Trust
Notes to Financial Statements

Income from foreign securities is recorded net of foreign taxes withheld where recovery of such taxes is not assured.

Subscriptions and redemptions of units and distributions to unitholders

Units of each Fund are purchased and redeemed at the current net asset value. Each Fund does not distribute its net investment income or realized gains or losses to unitholders. Therefore, the appreciation or depreciation of units held and gain or loss on sale of units represent the sources of income or loss to holders of each Fund.

Federal and other taxes

Each Fund maintains tax-exempt status by operating as collective investment trust funds, and as such no provision for income taxes is required. It is intended that the Funds be exempt from taxation under Section 501(a) of the Code and qualify as a "group trust" under Revenue Ruling 81-100 and other applicable Internal Revenue Service rules and regulations.

Each Fund's federal and state fiduciary and federal excise tax returns for the prior six tax years for which the applicable statutes of limitations have not expired are subject to examination by the federal regulators and state jurisdictions. Management has analyzed each Fund's tax positions for all open tax years and does not believe that there are any uncertain tax positions that would call into question a Fund's tax-exempt status and would then require recognition of a tax liability.

Class allocations

The Trust has created unit classes of the Funds with differing imbedded fees. Class F unit class was primarily available to plans when Principal acted in a 3(21) or 3(38) fiduciary capacity under the Employee Retirement Income Security Act of 1974 (ERISA). Class N unit class is available to qualified retirement plan for Principal Financial Group Trust. Class E and Class EF unit classes are primarily used when the Trust exercises no investment discretion for an externally record-kept account. Class G1 unit class is exclusively designated for clients who desire to have management fees excluded from the daily net asset value calculation process. Class MD unit class is offered exclusively on the Mercer Direct platform. Class TR unit class is exclusively used in the *Target My Retirement* offering. Only select Allspring CITs have the *Target My Retirement* option. Class specific expenses are charged directly to that unit class. Investment income, common expenses, and realized and unrealized gains (losses) on investments are allocated daily to each class of units based on the relative proportion of net assets of each class.

3. FAIR VALUE MEASUREMENTS

Fair value measurements of investments are classified within a fair value hierarchy based upon the various data inputs utilized in determining the value of each Fund's investments. The three-level hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Each Fund's investments are classified within the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. The inputs are summarized into three broad levels as follows:

Level 1 - quoted prices in active markets for identical securities

Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 - significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodologies used for valuing investments in securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used in valuing each Fund's assets and liabilities as of December 31, 2022.

* Includes securities valued at zero.

Additional sector, industry or geographic detail, if any, for each Fund is included in the Schedule of Investments.

Futures contracts are reported at their cumulative unrealized gains (losses) at the measurement date as reported in the tables following each applicable Schedule of Investments. For futures contracts, the current day's variation margin is reported on the Statements of Assets and Liabilities. All other assets and liabilities are reported at their market value at measurement date.

For the year ended December 31, 2022, the Funds did not have any transfers into/out of Level 3.

4. TRANSACTIONS WITH AFFILIATES AND OTHER EXPENSES

Trustee fee

The Trustee of the Funds, performs services including administration, investment management, and other fund services. The Declaration of Trust permits the Trustee to charge each unit class a class-level Trustee fee for services required to advise and administer the Funds. A class-level Trustee fee is charged to each unit class, at an annual rate of 0.01% of its average daily net assets.

Allspring Collective Investment Trust
Notes to Financial Statements

The Trustee also charges the Funds for other fund administrative expenses including fund accounting, custody, other operating expenses and responsibilities that the Trustee may outsource to third parties. Each Fund's expense accruals are adjusted periodically, within the limits approved by the Trustee, based on expenses incurred. All Fund expenses, except TMR program fees, are reported under Trustee fee on the Statements of Operations. For the year ended December 31, 2022, the effective expense ratio incurred by each unit class is reflected in the Financial Highlights.

TMR Program fees

For Class TR unit class of each applicable Fund, a program fee is charged in connection with the *Target My Retirement* program which is a managed retirement solution that provides participants with professional investment advice, based on a personalized investment strategy. SEI has retained Morningstar Investment Management, a registered investment adviser, to provide investment advice for the *Target My Retirement*SM program. Class TR unit class is charged an annual rate of 0.31% of its average daily net assets.

The *Target My Retirement* investment solution is a managed account product that provides participants with a personal investment strategy, based on certain information about the participant. The *Target My Retirement* investment solution is made available by Principal Life Insurance Company as part of its platform of bundled record-keeping services for participant directed individual account plans. Morningstar Investment Management LLC acts as the fiduciary to the participant to create the *Target My Retirement* investment strategies. Morningstar Investment Management is a registered investment adviser and a subsidiary of Morningstar, Inc. Additionally, Wilshire Associates Incorporated provides fiduciary services to the plan sponsor regarding the composition of the *Target My Retirement* investment arrays. Neither Morningstar nor Wilshire are an affiliate of Principal Life Insurance Company. In connection for its service provided with the *Target My Retirement* program, Morningstar Investment Management receives 0.11%, Wilshire receives 0.01% and Principal receives 0.19%.

8. CONCENTRATION RISK

Concentration risk results from exposure to a limited number of sectors. A Fund that invest a substantial portion of its assets in a sector may be more affected by changes in that sector than would be a fund whose investments are not heavily weighted in any sector. The Schedule of Investments includes information on each Fund's holdings, including sector composition.

9. SUBSEQUENT EVENTS

The Funds have evaluated the need for disclosures and/or adjustments resulting from subsequent events through April 14, 2023, the date the financial statements were available to be issued. This evaluation did not result in any other subsequent events that necessitated disclosures and/or adjustments.
