³ Returns include adjustments required by U.S. GAAP and may differ from net asset values and performance reported elsewhere. Returns for periods of less than one year are not annualized.

⁴ Portfolio turnover rate is calculated by multiplying the affiliated Master Portfolio's percentage of the Fund's total investment in securities at the end of the period by the affiliated Master Portfolio's portfolio turnover rate.

Notes to financial statements

1. ORGANIZATION

Allspring Funds Trust (the “Trust”), a Delaware statutory trust organized on March 10, 1999, is an open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”). As an investment company, the Trust follows the accounting and reporting guidance in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946, *Financial Services – Investment Companies*. These financial statements report on the Allspring Small Company Value Fund (the “Fund”) which is a diversified series of the Trust.

The Fund is a feeder fund in a master-feeder structure that invests substantially all of its assets in a single master portfolio with a substantially identical investment objective and substantially similar investment strategies. The Fund invests in Allspring Small Company Value Portfolio, a separate diversified portfolio (the “affiliated Master Portfolio”) of Allspring Master Trust, a registered open-end management investment company. As of April 30, 2025, the Fund owned 90.89% of Allspring Small Company Value Portfolio. The affiliated Master Portfolio directly acquires portfolio securities and the Fund acquires an indirect interest in those securities. The Fund accounts for its investment in the affiliated Master Portfolio as a partnership investment and records on a daily basis its share of the affiliated Master Portfolio’s income, expense and realized and unrealized gains and losses. The financial statements of the affiliated Master Portfolio for the year ended April 30, 2025 are included in this report and should be read in conjunction with the Fund’s financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies, which are consistently followed in the preparation of the financial statements of the Fund, are in conformity with U.S. generally accepted accounting principles (“GAAP”) which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Securities valuation

All investments are valued each business day as of the close of regular trading on the New York Stock Exchange (generally 4 p.m. Eastern Time), although the Fund may deviate from this calculation time under unusual or unexpected circumstances.

Investments in the affiliated Master Portfolio are valued daily based on the Fund’s proportionate share of the affiliated Master Portfolio’s net assets, which are also valued daily.

Investments which are not valued using the method discussed above are valued at their fair value, as determined in good faith by Allspring Funds Management, LLC (“Allspring Funds Management”), which was named the valuation designee by the Board of Trustees. As the valuation designee, Allspring Funds Management is responsible for day-to-day valuation activities for the Allspring Funds. In connection with these responsibilities, Allspring Funds Management has established a Valuation Committee and has delegated to it the authority to take any actions regarding the valuation of portfolio securities that the Valuation Committee deems necessary or appropriate, including determining the fair value of portfolio securities. On a quarterly basis, the Board of Trustees receives reports of valuation actions taken by the Valuation Committee. On at least an annual basis, the Board of Trustees receives an assessment of the adequacy and effectiveness of Allspring Funds Management’s process for determining the fair value of the portfolio of investments.

Investment transactions, income and expenses

Investments in the affiliated Master Portfolio are recorded on a trade date basis. The Fund records daily its proportionate share of the affiliated Master Portfolio’s income, expenses and realized and unrealized gains or losses. The Fund also accrues its own expenses.

Interest earned on cash balances held at the custodian is recorded as interest income.

Distributions to shareholders

Distributions to shareholders from net investment income and any net realized gains are recorded on the ex-dividend date and paid at least annually. Such distributions are determined in accordance with income tax regulations and may differ from U.S. GAAP. Dividend sources are estimated at the time of declaration. The tax character of distributions is determined as of the Fund’s fiscal year end. Therefore, a portion of the Fund’s distributions made prior to the Fund’s fiscal year end may be categorized as a tax return of capital at year end.

Federal and other taxes

The Fund intends to continue to qualify as a regulated investment company by distributing substantially all of its investment company taxable income and any net realized capital gains (after reduction for capital loss carryforwards) sufficient to relieve it from all, or substantially all, federal income taxes. Accordingly, no provision for federal income taxes was required.

The Fund’s income and federal excise tax returns and all financial records supporting those returns for the prior three fiscal years are subject to examination by the federal and Delaware revenue authorities. Management has analyzed the Fund’s tax positions taken on federal, state, and foreign tax returns, as applicable, for all open tax years and does not believe that there are any uncertain tax positions that require recognition of a tax liability.

As of April 30, 2025, the aggregate cost of all investments for federal income tax purposes was \$484,496,005 and the unrealized gains (losses) consisted of:

Gross unrealized gains	\$60,355,691
Gross unrealized losses	(0)
Net unrealized gains	\$60,355,691

As of April 30, 2025, the Fund had current year deferred post-October capital losses consisting of \$17,941,910 in short-term losses and \$16,960,433 in long-term gains which will be recognized on the first day of the following fiscal year.

Class allocations

The separate classes of shares offered by the Fund differ principally in applicable sales charges, distribution, shareholder servicing, and administration fees. Class specific expenses are charged directly to that share class. Investment income, common fund-level expenses, and realized and unrealized gains (losses) on investments are allocated daily to each class of shares based on the relative proportion of net assets of each class.

3. FAIR VALUATION MEASUREMENTS

At April 30, 2025, the Fund's investment in the affiliated Master Portfolio was measured at fair value using the net asset value per share (or its equivalent) as a practical expedient. The investment objective and fair value of the affiliated Master Portfolio is as follows:

AFFILIATED MASTER PORTFOLIO	INVESTMENT OBJECTIVE	FAIR VALUE OF AFFILIATED MASTER PORTFOLIO
Allspring Small Company Value Portfolio	Seeks long-term capital appreciation	\$544,851,696

The affiliated Master Portfolio does not have a redemption period notice, can be redeemed daily and does not have any unfunded commitments.

4. TRANSACTIONS WITH AFFILIATES

Management fee

Allspring Funds Management, a wholly owned subsidiary of Allspring Global Investments Holdings, LLC, a holding company indirectly owned by certain private funds of GTCR LLC and Reverence Capital Partners, L.P., is the manager of the Fund and provides advisory and fund-level administrative services under an investment management agreement. Under the investment management agreement, Allspring Funds Management is responsible for, among other services, implementing the investment objectives and strategies of the Fund and providing fund-level administrative services in connection with the Fund's operations. As long as the Fund continues to invest substantially all of its assets in a single affiliated Master Portfolio, the Fund pays, generally on a monthly basis, Allspring Funds Management an investment management fee only for fund-level administrative services at the following annual rate based on the Fund's average daily net assets:

AVERAGE DAILY NET ASSETS	MANAGEMENT FEE
First \$5 billion	0.050%
Next \$5 billion	0.040
Over \$10 billion	0.030

For the year ended April 30, 2025, the management fee was equivalent to an annual rate of 0.05% of the Fund's average daily net assets.

Allspring Funds Management also serves as the adviser to the affiliated Master Portfolio and is entitled to receive a fee, generally paid on a monthly basis, from the affiliated Master Portfolio for those services.

Administration fees

Under a class-level administration agreement, Allspring Funds Management provides class-level administrative services to the Fund, which includes paying fees and expenses for services provided by the transfer agent, sub-transfer agents, omnibus account servicers and record-keepers. As compensation for its services under the class-level administration agreement, Allspring Funds Management receives an annual fee which is calculated based on the average daily net assets of each class and generally paid monthly, as follows:

	CLASS-LEVEL ADMINISTRATION FEE
Class A	0.20%
Class C	0.20
Class R6	0.03
Administrator Class	0.13
Institutional Class	0.13

Waivers and/or expense reimbursements

Allspring Funds Management has contractually committed to waive and/or reimburse management and administration fees to the extent necessary to maintain certain net operating expense ratios for the Fund. When each class of the Fund has exceeded its expense cap, Allspring Funds Management will waive fees and/or reimbursed expenses from fund-level expenses on a proportionate basis and then from class specific expenses. When only certain classes exceed their expense caps, waivers and/or reimbursements are applied against class specific expenses before fund-level expenses. Net expenses from the affiliated Master Portfolio are included in the expense caps. Allspring Funds Management has contractually committed through August 31, 2025 to waive fees and/or reimburse expenses to the extent necessary to cap the Fund's expenses. Prior to or after the commitment expiration date, the cap may be increased or the commitment to maintain the cap may be terminated only with the approval of the Board of Trustees. As of April 30, 2025, the contractual caps are as follows:

	EXPENSE RATIO CAPS
Class A	1.15%
Class C	1.90
Class R6	0.75
Administrator Class	1.05
Institutional Class	0.85

Distribution fee

The Trust has adopted a distribution plan for Class C shares pursuant to Rule 12b-1 under the 1940 Act. A distribution fee is charged to Class C shares and paid to Allspring Funds Distributor, LLC ("Allspring Funds Distributor"), the principal underwriter, an affiliate of Allspring Funds Management, at an annual rate up to 0.75% of the average daily net assets of Class C shares. Such fees are generally paid on a monthly basis.

In addition, Allspring Funds Distributor is entitled to receive the front-end sales charge from the purchase of Class A shares and a contingent deferred sales charge on the redemption of certain Class A shares. Allspring Funds Distributor is also entitled to receive the contingent deferred sales charges from redemptions of Class C shares. For the year ended April 30, 2025, Allspring Funds Distributor received \$3,857 from the sale of Class A shares. No contingent deferred sales charges were incurred by Class A and Class C shares for the year ended April 30, 2025.

Shareholder servicing fees

The Trust has entered into contracts with one or more shareholder servicing agents, whereby Class A, Class C and Administrator Class are charged a fee at an annual rate up to 0.25% of the average daily net assets of each respective class. These fees are generally paid on a monthly basis. A portion of these total shareholder servicing fees were paid to affiliates of the Fund.

5. INVESTMENT PORTFOLIO TRANSACTIONS

The Fund seeks to achieve its investment objective by investing substantially all of its assets in the affiliated Master Portfolio. Purchases and sales have been calculated by multiplying the Fund's ownership percentage of the affiliated Master Portfolio at the end of the period by the affiliated Master Portfolio's purchases and sales. Purchases and sales of investments, excluding U.S. government obligations (if any) and short-term securities, for the year ended April 30, 2025 were \$734,803,776 and \$823,002,075, respectively.

6. ACQUISITION

After the close of business on February 23, 2024, the Fund acquired the net assets of Allspring Small Cap Fund. The purpose of the transaction was to combine two funds with similar investment objectives and strategies. Allspring Small Cap Fund transferred all of its portfolio securities to Allspring Small Company Value Portfolio (a master portfolio in which it invested all of its assets) in exchange for interests in Allspring Small Company Value Portfolio. Immediately thereafter, Allspring Small Cap Fund transferred all of its equity interests in Allspring Small Company Value Portfolio to Allspring Small Cap Fund in exchange for shares of the Fund. Shareholders holding Class A, Class C, Class R6, Administrator Class and Institutional Class shares of Allspring Small Cap Fund received Class A, Class C, Class R6, Administrator Class and Institutional Class shares, respectively, of the Fund in the reorganization. The acquisition was accomplished by a tax-free exchange of all of the shares of Allspring Small Cap Fund for 1,033,128 shares of the Fund valued at \$36,903,924 at an exchange ratio of 0.67, 0.65, 0.70, 0.68 and 0.70 for Class A, Class C, Class R6, Administrator Class and Institutional Class shares, respectively. The investment portfolio of Allspring Small Cap Fund with a fair value of \$36,835,763, identified cost of \$35,601,989 and unrealized gains (losses) of \$1,233,774 at February 23, 2024 was (if portfolio and cash is stated) the principal assets acquired by the Fund. The aggregate net assets of Allspring Small Cap Fund and the Fund immediately prior to the acquisition were \$36,903,924 and \$500,966,436, respectively. The aggregate net assets of the Fund immediately after the acquisition were \$537,870,360. For financial reporting purposes, assets received and shares issued by the Fund were recorded at fair value; however, the cost basis of the investments received from Allspring Small Cap Fund was carried forward to align with ongoing reporting of the Fund's realized and unrealized gains and losses with amounts distributable to shareholders for tax purposes.

Assuming the acquisition had been completed June 1, 2023, the beginning of the annual reporting period for the Fund, the pro forma results of operations for the eleven months ended April 30, 2024 would have been as follows:

	NET INVESTMENT INCOME	NET REALIZED AND UNREALIZED GAINS (LOSSES) ON INVESTMENTS	NET INCREASE (DECREASE) IN NET ASSETS RESULTING FROM OPERATIONS
Small Company Value	\$4,495,325	\$88,462,885	\$92,958,210

Because the combined investment portfolios have been managed as a single integrated portfolio since the acquisition was completed, it is not practicable to separate the amounts of revenue and earnings of the Allspring Small Cap Fund that have been included in the Fund's Statement of operations since February 24, 2024.

7. BANK BORROWINGS

The Fund, together with certain other registered Allspring Funds is party to a \$275,000,000 revolving credit agreement whereby the Fund is permitted to use bank borrowings for temporary or emergency purposes, such as to fund shareholder redemption requests. Interest under the credit agreement is charged to the Fund based on a borrowing rate equal to the higher of the Federal Funds rate or the overnight bank funding rate in effect on that day plus a spread. In addition, an annual commitment fee based on the unused balance is allocated to each participating fund.

For the year ended April 30, 2025, there were no borrowings by the Fund under the agreement.

8. DISTRIBUTIONS TO SHAREHOLDERS

The tax character of distributions paid during the year ended April 30, 2025, eleven months ended April 30, 2024 and year ended May 31, 2023 were as follows:

	YEAR ENDED APRIL 30		YEAR ENDED MAY 31,
	2025	2024	2023
Ordinary income	\$ 8,496,380	\$4,259,165	\$ 62,215
Long-term capital gain	41,345,048	0	20,897,482

As of April 30, 2025, the components of distributable earnings on a tax basis were as follows:

		POST-OCTOBER CAPITAL LOSSES DEFERRED	
	UNDISTRIBUTED ORDINARY INCOME	UNREALIZED GAINS	
			SHORT-TERM LONG-TERM
	\$1,926,396	\$60,355,691	\$(17,941,910) \$16,960,433

9. CONCENTRATION RISKS

Concentration risks result from exposure to a limited number of sectors. Through its investment in the affiliated Master Portfolio which may invest a substantial portion of its assets in any sectors, the Fund may in turn be more affected by changes in that sectors than a fund whose investments are not heavily weighted in any sectors. As of the end of the period, the Master Portfolio concentrated its portfolio in investments related to the financial sector.

10. INDEMNIFICATION

Under the Fund's organizational documents, the officers and Trustees have been granted certain indemnification rights against certain liabilities that may arise out of performance of their duties to the Fund. The Fund has entered into a separate agreement with each Trustee that converts indemnification rights currently existing under the Fund's organizational documents into contractual rights that cannot be changed in the future without the consent of the Trustee. Additionally, in the normal course of business, the Fund may enter into contracts with service providers that contain a variety of indemnification clauses. The Fund's maximum exposure under these arrangements is dependent on future claims that may be made against the Fund and, therefore, cannot be estimated.

11. OPERATING SEGMENTS

The Fund has adopted FASB Accounting Standards Update 2023-07, *Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures* ("ASU 2023-07"). Adoption of the standard impacted financial statement disclosures only and did not affect the Fund's financial position or the results of its operations. An operating segment is defined in Topic 280 as a component of a public entity that engages in business activities from which it may

recognize revenues and incur expenses, has operating results that are regularly reviewed by the public entity's chief operating decision maker ("CODM") to make decisions about resources to be allocated to the segment and assess its performance, and has discrete financial information available. The President of the Fund acts as the Fund's CODM. For the periods presented, the Fund operated as a single operating segment. The CODM monitors the operating results of the Fund as a whole and the Fund's long-term strategic asset allocation from which it derives its revenue is determined as outlined in the Fund's prospectus which is executed by the Fund's portfolio management team. The portfolio composition, total return and expense ratios, and the components of total increase/decrease in net assets are used by the CODM to assess the segment's performance and to make resource allocation decisions for the Fund's single segment. This information is consistent with that presented within the Fund's financial statements. Segment assets are reflected on the accompanying Statement of assets and liabilities as "total assets" and significant segment revenue and expenses are listed on the accompanying Statement of operations.

12. SUBSEQUENT EVENT

At a meeting held on May 27-29, 2025, the Board of Trustees of the Fund approved the conversion of the Fund's Administrator Class shares into Institutional Class shares effective on or about the close of business on September 12, 2025.

To the Shareholders of the Fund and Board of Trustees Allspring Funds Trust:

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities of Allspring Small Company Value Fund (the Fund), one of the funds constituting Allspring Funds Trust, including the portfolio of investments, as of April 30, 2025, the related statement of operations for the year then ended, the statements of changes in net assets for the year then ended, the period from June 1, 2023 to April 30, 2024 and the year ended May 31, 2023, and the related notes (collectively, the financial statements) and the financial highlights for the year then ended, the period from June 1, 2023 to April 30, 2024 and each of the years in the four-year period ended May 31, 2023. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Fund as of April 30, 2025, the results of its operations for the year then ended, the changes in its net assets for the year then ended, the period from June 1, 2023 to April 30, 2024 and the year ended May 31, 2023, and the financial highlights for the year then ended, the period from June 1, 2023 to April 30, 2024 and each of the years in the four-year period ended May 31, 2023, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Such procedures also included confirmation of interests held as of April 30, 2025, by correspondence with the transfer agent of the master portfolio. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. We believe that our audits provide a reasonable basis for our opinion.

KPMG LLP

We have not been able to determine the specific year that we began serving as the auditor of one or more Allspring Funds investment companies; however, we are aware that we have served as the auditor of one or more Allspring Funds investment companies since at least 1955.

Notes to financial statements

1. ORGANIZATION

Allspring Master Trust (the “Trust”), a Delaware statutory trust organized on March 10, 1999, is an open-end management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”). As an investment company, the Trust follows the accounting and reporting guidance in Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946, *Financial Services – Investment Companies*. These financial statements report on the Allspring Small Company Value Portfolio (the “Portfolio”) which is a diversified series of the Trust.

Interests in the Portfolio are available solely through private placement transactions that do not involve any “public offering” within the meaning of Section 4(a)(2) of the Securities Act of 1933.

2. SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies, which are consistently followed in the preparation of the financial statements of the Portfolio, are in conformity with U.S. generally accepted accounting principles (“GAAP”) which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Securities valuation

All investments are valued each business day as of the close of regular trading on the New York Stock Exchange (generally 4 p.m. Eastern Time), although the Portfolio may deviate from this calculation time under unusual or unexpected circumstances.

Equity securities and exchange-traded funds that are listed on a foreign or domestic exchange or market are valued at the official closing price or, if none, the last sales price.

Investments in registered open-end investment companies (other than those listed on a foreign or domestic exchange or market) are valued at net asset value.

Investments which are not valued using the methods discussed above are valued at their fair value, as determined in good faith by Allspring Funds Management, LLC (“Allspring Funds Management”), which was named the valuation designee by the Board of Trustees. As the valuation designee, Allspring Funds Management is responsible for day-to-day valuation activities for the Allspring Funds. In connection with these responsibilities, Allspring Funds Management has established a Valuation Committee and has delegated to it the authority to take any actions regarding the valuation of portfolio securities that the Valuation Committee deems necessary or appropriate, including determining the fair value of portfolio securities. On a quarterly basis, the Board of Trustees receives reports of valuation actions taken by the Valuation Committee. On at least an annual basis, the Board of Trustees receives an assessment of the adequacy and effectiveness of Allspring Funds Management’s process for determining the fair value of the portfolio of investments.

Security transactions and income recognition

Securities transactions are recorded on a trade date basis. Realized gains or losses are recorded on the basis of identified cost.

Dividend income is recognized on the ex-dividend date. Dividend income is recorded net of foreign taxes withheld where recovery of such taxes is not assured.

Interest earned on cash balances held at the custodian is recorded as interest income.

Income dividends and capital gain distributions from investment companies are recorded on the ex-dividend date. Capital gain distributions from investment companies are treated as realized gains.

Distributions received from REIT investments may be characterized as ordinary income, capital gains, or a return of capital to the Portfolio based on information provided by the REIT. The proper characterization of REIT distributions is generally not known until after the end of each calendar year. As such, estimates may be used in reporting the character of income and distributions for financial statement purposes.

Federal and other taxes

The Portfolio is not required to pay federal income taxes on its net investment income and net capital gains as it is treated as a partnership for federal income tax purposes. All income, gains and losses of the Portfolio are deemed to have been “passed through” to the interest holders in proportion to their holdings of the Portfolio regardless of whether income and gains have been distributed by the Portfolio.

The Portfolio’s income tax returns and all financial records supporting those returns for the prior three fiscal years are subject to examination by the federal revenue authority. Management has analyzed the Portfolio’s tax positions taken on federal, state, and foreign tax returns, as applicable, for all open tax years and does not believe that there are any uncertain tax positions that require recognition of a tax liability.

As of April 30, 2025, the aggregate cost of all investments for federal income tax purposes was \$510,546,550 and the unrealized gains (losses) consisted of:

Gross unrealized gains	\$116,045,903
Gross unrealized losses	(26,941,845)
Net unrealized gains	\$ 89,104,058

3. FAIR VALUATION MEASUREMENTS

Fair value measurements of investments are determined within a framework that has established a fair value hierarchy based upon the various data inputs utilized in determining the value of the Portfolio's investments. The three-level hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The Portfolio's investments are classified within the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. The inputs are summarized into three broad levels as follows:

- Level 1—quoted prices in active markets for identical securities
- Level 2—other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)
- Level 3—significant unobservable inputs (including the Portfolio's own assumptions in determining the fair value of investments)

The inputs or methodologies used for valuing investments in securities are not necessarily an indication of the risk associated with investing in those securities.

The following is a summary of the inputs used in valuing the Portfolio's assets and liabilities as of April 30, 2025:

Additional sector, industry or geographic detail, if any, is included in the Portfolio of investments.

At April 30, 2025, the Portfolio did not have any transfers into/out of Level 3.

4. TRANSACTIONS WITH AFFILIATES

Advisory fee

The Trust has entered into an advisory contract with Allspring Funds Management, a wholly owned subsidiary of Allspring Global Investments Holdings, LLC, a holding company indirectly owned by certain private funds of GTCR LLC and Reverence Capital Partners, L.P. The adviser is responsible for implementing investment policies and guidelines and for supervising the subadviser, who is responsible for day-to-day portfolio management of the

Portfolio. Pursuant to the contract, Allspring Funds Management is entitled to receive an advisory fee at the following annual rate based on the Portfolio's average daily net assets:

AVERAGE DAILY NET ASSETS	ADVISORY FEE
First \$500 million	0.800%
Next \$500 million	0.775
Next \$1 billion	0.750
Next \$1 billion	0.725
Next \$1 billion	0.700
Over \$4 billion	0.680

For the year ended April 30, 2025, the advisory fee was equivalent to an annual rate of 0.79% of the Portfolio's average daily net assets.

Allspring Funds Management has retained the services of a subadviser to provide daily portfolio management to the Portfolio. The fee for subadvisory services is borne by Allspring Funds Management. Allspring Global Investments, LLC, an affiliate of Allspring Funds Management and a wholly owned subsidiary of Allspring Global Investments Holdings, LLC, is the subadviser to the Portfolio and is entitled to receive a fee from Allspring Funds Management at an annual rate starting at 0.55% and declining to 0.40% as the average daily net assets of the Portfolio increase.

Allspring Funds Management has voluntarily waived and/or reimbursed advisory fees to reduce the net operating expense ratio of the Portfolio. These voluntary waivers may be discontinued at any time.

Interfund transactions

The Portfolio may purchase or sell portfolio investment securities to certain affiliates pursuant to Rule 17a-7 under the 1940 Act and under procedures adopted by the Board of Trustees. The procedures have been designed to ensure that these interfund transactions, which do not incur broker commissions, are effected at current market prices. Pursuant to these procedures, the Portfolio did not have any interfund transactions during the year ended April 30, 2025.

5. INVESTMENT PORTFOLIO TRANSACTIONS

Purchases and sales of investments, excluding U.S. government obligations (if any) and short-term securities, for the year ended April 30, 2025 were \$801,083,808 and \$897,109,628, respectively.

6. BANK BORROWINGS

The Portfolio, together with certain other registered Allspring Funds is party to a \$275,000,000 revolving credit agreement whereby the Portfolio is permitted to use bank borrowings for temporary or emergency purposes, such as to portfolio interest holder redemption requests. Interest under the credit agreement is charged to the Portfolio based on a borrowing rate equal to the higher of the Federal Funds rate or the overnight bank funding rate in effect on that day plus a spread. In addition, an annual commitment fee based on the unused balance is allocated to each participating fund.

For the year ended April 30, 2025, there were no borrowings by the Portfolio under the agreement.

7. CONCENTRATION RISKS

As of the end of the period, the Portfolio concentrated its portfolio of investments in financial sector. A fund that invests a substantial portion of its assets in any sector may be more affected by changes in that sector than would be a fund whose investments are not heavily weighted in any sector.

8. INDEMNIFICATION

Under the Portfolio's organizational documents, the officers and Trustees have been granted certain indemnification rights against certain liabilities that may arise out of performance of their duties to the Portfolio. The Portfolio has entered into a separate agreement with each Trustee that converts indemnification rights currently existing under the Portfolio's organizational documents into contractual rights that cannot be changed in the future without the consent of the Trustee. Additionally, in the normal course of business, the Portfolio may enter into contracts with service providers that contain a variety of indemnification clauses. The Portfolio's maximum exposure under these arrangements is dependent on future claims that may be made against the Portfolio and, therefore, cannot be estimated.

9. OPERATING SEGMENTS

The Portfolio has adopted FASB Accounting Standards Update 2023-07, *Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures* ("ASU 2023-07"). Adoption of the standard impacted financial statement disclosures only and did not affect the Portfolio's financial position or the results of its operations. An operating segment is defined in Topic 280 as a component of a public entity that engages in business activities from which it may recognize revenues and incur expenses, has operating results that are regularly reviewed by the public entity's chief operating decision maker ("CODM") to make decisions about resources to be allocated to the segment and assess its performance, and has discrete financial information available. The President of the Portfolio acts as the Portfolio's CODM. For the periods presented, the Portfolio operated as a single operating segment.

The CODM monitors the operating results of the Portfolio as a whole and the Portfolio's long-term strategic asset allocation from which it derives its revenue is determined as outlined in the Portfolio's prospectus which is executed by the Portfolio's portfolio management team. The portfolio composition, total return and expense ratios, and the components of total increase/decrease in net assets are used by the CODM to assess the segment's performance and to make resource allocation decisions for the Portfolio's single segment. This information is consistent with that presented within the Portfolio's financial statements. Segment assets are reflected on the accompanying Statement of assets and liabilities as "total assets" and significant segment revenue and expenses are listed on the accompanying Statement of operations.

To the Interest Holders of the Portfolio and Board of Trustees Allspring Master Trust:

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities of Allspring Small Company Value Portfolio (the Portfolio), one of the portfolios constituting Allspring Master Trust, including the portfolio of investments, as of April 30, 2025, the related statements of operations for the year then ended, the statements of changes in net assets for the year then ended, the period from June 1, 2023 to April 30, 2024 and the year ended May 31, 2023, and the related notes (collectively, the financial statements) and the financial highlights for the year then ended, the period from June 1, 2023 to April 30, 2024 and each of the years in the four-year period ended May 31, 2023. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Portfolio as of April 30, 2025, the results of its operations for the year then ended, the changes in its net assets for the year then ended, the period from June 1, 2023 to April 30, 2024 and the year ended May 31, 2023, and the financial highlights for the year then ended, the period from June 1, 2023 to April 30, 2024 and each of the years in the four-year period ended May 31, 2023, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements and financial highlights are the responsibility of the Portfolio's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Portfolio in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Such procedures also included confirmation of securities owned as of April 30, 2025, by correspondence with the custodian, transfer agent and brokers, or by other appropriate auditing procedures. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. We believe that our audits provide a reasonable basis for our opinion.
