- The IRA/ESA owner did not file a written beneficiary designation with the Custodian prior to his/her date of death; or
- All designated beneficiaries have predeceased the IRA/ESA owner.

If you have questions, call 1-800-222-8222.

1. IRA/ESA owner information (please print)

We require a copy of the account owner's death certificate with this form.

Name of account owner (first, middle initial, last)	Social Security number	Date of birth (mm/dd/yyyy)
Fund and account number(s)		

2. Surviving children

Provide the following information for ALL children (as defined under state law applicable to the decedent) who were living at the time of the IRA/ESA owner's death (collectively, "surviving children"). The name is required, regardless of whether or not you have a current address or Social Security number for each surviving child. To name additional surviving children, include all information requested in this section on a separate sheet.

All surviving children may submit one combined affidavit or a separate affidavit may be submitted by each surviving child. If separate forms are completed, the names of ALL surviving children must be listed on each form. The transfer or payment of the IRA/ESA assets will be divided equally among all surviving children. If any of the surviving children are now deceased, their portion of the assets will be distributed per the custodial agreement.

Additional documents are required for each of the surviving children:

- 1. A copy of the birth certificate or adoption papers as evidence of relationship to the deceased account owner.
- 2. A completed IRA Distribution Request form with Medallion Guaranteed signature (or Medallion Guaranteed letter of instruction for an ESA). A separate form is required for each surviving child.
- 3. A completed IRA Application if establishing an Inherited IRA.
- 4. An inheritance tax waiver if the decent resided in a state requiring a waiver prior to transferring a decedent's property.
