

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Allspring (Lux) Worldwide Fund - Climate Transition Global High Yield Fund,
a sub-fund of Allspring (Lux) Worldwide Fund
Class S (GBP) Shares - gross distr. (Hedged) (LU2690008300)
Management Company: Allspring Global Investments Luxembourg S.A.

Objectives and Investment Policy

The fund seeks total return, by investing, under normal circumstances, at least two-thirds of its total assets in credit debt securities rated below-investment grade (i.e., BB+ or lower by Standard & Poor's or Ba1 or lower by Moody's or an equivalent quality rating from another internationally recognised credit ratings organisation or are deemed by the Sub-Investment Managers to be of comparable quality) at the time of purchase, which may include Green Bonds and perpetual bonds, issued by corporate issuers domiciled anywhere in the world. The fund promotes environmental and/or social characteristics but does not have a sustainable investment objective. The fund will invest no more than 10% of its net assets in securities issued or guaranteed by a single government issuer. The fund may also invest up to 10% of its total assets in equity securities including those acquired as a result of an issuer's compulsory conversion of its debt instruments into equity, participation in a rights offering, or the Sub-Investment Managers' decision to convert convertible debt instruments into equities. The fund may invest up to 5% of its total assets in contingent convertible bonds. The fund may invest no more than 10% of its net assets in unrated, distressed or defaulted debt securities. Distressed securities are those debt securities rated below Caa2 by Moody's or CCC by Standard & Poor's. Defaulted securities are those debt securities rated C by Moody's or D by Standard & Poor's. The fund will target to decarbonise by 2050. This is intended to be achieved by setting a decarbonisation profile for the fund at inception that has a carbon intensity that is at least 30% lower than the ICE BofA Developed Markets High Yield Constrained Index (USD Hedged). The assets within the fund are then managed such that the decarbonisation profile will decline annually with a trajectory to decarbonise by 2050. Through the use of a negative screening process, the fund seeks to exclude certain securities in accordance with its exclusion policy. A copy of the methodology and list of excluded investments (including the revenue thresholds) is available under allspringglobal.com. Shareholders may also request a copy from the fund or the Management Company.

The fund will hedge non-US Dollar-denominated investments to the US Dollar. The fund may also use futures, forward contracts, options, or swap agreements, as well as other derivatives, for hedging, efficient portfolio management or investment purposes. The fund focuses on bottom-up credit research with a focus on well-underwritten credits and relative value, with security selection as the primary driver of returns, and seeks to balance income while targeting a competitive yield to drive total returns. This share class intends to distribute dividends gross of expenses monthly. This share class will seek to be 100% hedged against the base currency of the fund with the objective of minimising currency risk exposure. It may not be possible to always hedge the class 100% against fluctuations of the reference currency. You may sell your shares on each business day when banks in Luxembourg are open for normal business and the New York Stock Exchange is open for trading (a "Business Day").

The fund is actively managed but uses the ICE BofA Developed Markets High Yield Constrained Index (USD Hedged) as a reference for selecting investments and for performance comparison. The investments of the fund may deviate significantly from the components of and their respective weightings in the benchmark.

Risk and Reward Profile

This rating system is based on the volatility of the fund's returns over the past 5 years, using returns for an appropriate index for periods before the start of the class. Please note past returns may not be a reliable indicator of the future risk and reward profile of the fund; the rating may change over time based on future returns; and category 1 does not mean a risk-free investment.

Lower Risk

< Typically Lower Rewards

Higher Risk

Typically Higher Rewards >

1	2	3	4	5	6	7
---	---	---	---	---	---	---

The class is in category 4 due to the nature of the fund's investments and the currency of the class.

The following additional risks may impact the fund's returns:

Counter-Party Risk - The fund may incur a loss if the other party to an investment contract, such as a repurchase or reverse repurchase agreement or certain derivative contracts, fails to fulfill its contractual obligation to the fund.

Custodial and Sub-Custodial Risk - Since the fund may invest in markets where custodian and/or settlement systems are not fully developed, the fund's assets may be exposed to risk in circumstances whereby the custodian will have limited or no liability.

Debt Securities Risk - The issuer of a debt security may fail to pay interest or principal when due, and changes in market interest rates may reduce the value of debt securities or reduce the fund's returns.

Derivatives Risk - The use of derivatives such as futures, options and swap agreements, can lead to losses, including those magnified by leverage, particularly when derivatives are used to enhance return rather than offset risk. In addition, there may be an absence of a liquid market for any particular instrument at any particular time.

The fund may not achieve its objective and/or you could lose money on your investment in the fund. For more information about the fund's risks, please see "Risks" and "Risk Management Processes" in the prospectus, which is available at allspringglobal.com.

Charges for this Fund

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distribution. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry Charge	None
Exit Charge	None
This is the maximum that might be taken out of your money before it is invested.	

Charges taken from the fund over a year	
Ongoing Charges	0.40%
Charges taken from the fund under certain specific conditions	
Performance Fee	None

The **entry** and **exit charges** shown are the highest possible charges you would pay. Please consult your advisor or distributor to find out your actual charges, which might be less. Because the class does not have twelve months of operating history, the **ongoing charges** reflect the total expense ratio cap put in place by the Investment Manager. Any costs that would cause the capped total expense ratio to be exceeded will be absorbed by the Investment Manager. **Ongoing charges** may vary from year to year. The **ongoing charges** do not include the portfolio transaction costs, except in the case of an entry/exit charge paid by the fund when buying or selling units in another collective investment undertaking.

For more information about the fund's charges, please see "Fees and Expenses" in the prospectus.

Past Performance

Past performance is not a guide to future performance. Performance calculations are based on the net asset value, include ongoing charges but exclude entry and exit charges, if any, and are calculated in GBP with income reinvested. The base currency of the fund is USD.

Fund launch date: 2023. Share Class launch date: 2023.

No historical performance is available as this share class has not been invested for more than a full calendar year.

The chart shows performance against the ICE BofA Developed Markets High Yield Constrained Index (USD Hedged). The fund does not track the index.

Practical Information

Custodian: Brown Brothers Harriman (Luxembourg) S.C.A.

Further Information: This document describes a share class of a sub-fund of Allspring (Lux) Worldwide Fund. Information on other share classes may be obtained at allspringglobal.com. The assets and liabilities of each sub-fund are segregated and no sub-fund is responsible for the liabilities of another. The prospectus and financial reports are prepared for Allspring (Lux) Worldwide Fund as a whole. You may obtain free copies of these documents in English, French, and German from Allspring (Lux) Worldwide Fund, c/o Brown Brothers Harriman (Luxembourg) S.C.A., 80 Route d'Esch, L-1470 Luxembourg or at allspringglobal.com. The details of the up-to-date remuneration policy, including but not limited to a description of how remuneration and benefits are calculated, the identities of persons responsible for awarding the remuneration and benefits including the composition of the remuneration committee, in case such committee exists, are available free of charge upon request from the Management Company's registered office, 33, rue de Gasperich, L-5826 Hesperange, Luxembourg, and can also be found on allspringglobal.com.

Price Publication: Net asset value per share is calculated on each Business Day and is available in local media and/or with the fund's local agent in certain countries and at the registered office of the fund.

Switching: You may switch your shares into the same or another class or sub-fund, provided you meet certain criteria. Further information can be found under "Investing in the Sub-Funds" in the fund's prospectus.

Taxes: The tax laws of Luxembourg, in addition to the tax laws of your country of residence, may impact how your investment in the fund is taxed. For further details, you should contact your tax advisor.

Liability Statement: Allspring (Lux) Worldwide Fund may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the prospectus for the fund.

This fund is authorised in Luxembourg and is supervised by the Commission de Surveillance du Secteur Financier (the "CSSF"). Allspring Global Investments Luxembourg S.A. is authorised in Luxembourg and regulated by the CSSF. This key investor information is accurate as of 24 January 2024.
